

SENIOR LECTURER (PRACTICE)

SCHOOL/UNIT	Jeffrey Cheah School of Medicine and Health Sciences
SPECIALISATION	Internal Medicine
CLASSIFICATION	Level C
WORK LOCATION	Johor Bahru campus

ORGANISATIONAL CONTEXT

Monash University is a modern, global, research-intensive university, delivering education and research excellence in Australia and across the Indo-Pacific. We are making a positive impact on today's global challenges – whether by mitigating climate change, easing geopolitical insecurity or fostering healthy communities. Monash University is Australia's largest university and a member of the prestigious Group of Eight, a group of Australia's eight leading research universities. We have been consistently ranked among the world's top universities, at 42nd globally in the QS World University Rankings and 54th in the Times Higher Education World University Rankings in 2024, reflecting our strong commitment to academic and research excellence.

Monash University is a global university with four campuses in Australia and a campus in Malaysia and Indonesia. In India, Monash Research Academy is a postgraduate research and PhD training partnership with the Indian Institute of Technology Bombay, whilst Monash-Suzhou is a partnership between Monash University and Southeast University focused on world-class research and training in China. The Monash University Prato Centre meanwhile provides a European base for international research and education. Additionally, Monash has extensive international partnerships and study abroad programs with more than 100+ partner universities around the world.

Established in 1998, Monash University Malaysia is Monash's third-largest campus and one of Malaysia's most respected higher education institutions. More than 9,700 students representing approximately 77 nationalities are currently enrolled at Monash Malaysia, and they enjoy a quality study experience supported by committed staff members. We place a strong emphasis on student experience and strive to produce graduates who can lead and contribute to their local and regional communities. Our graduates can be found in positions of importance all over the world. Our graduates can be found in positions of importance all over the world. Since welcoming our first cohort of 417 students, we have graduated more than 32,400 students, including 1100 PhDs.

We pride ourselves in educational excellence, offering degrees in arts and social sciences, business, engineering, information technology, medicine, psychology and health sciences, pharmacy, and science across seven schools. New courses in emerging areas, including artificial intelligence, data science, digital business and pharmaceutical science, expand our range of internationally-recognised degrees for a changing world. We invest in constantly upgrading our

facilities to incorporate cutting-edge teaching and learning technology to enhance our students' and staff's experience.

In line with Monash University's strategic plan, Impact 2030, our research focuses on issues of national and global significance. We strive to formulate and implement solutions that could mitigate the effects of climate change, promote geopolitical security in the ASEAN region and improve health and wellbeing to enable communities to thrive. Our [research projects](#) and [researchers](#) are making long-term and sustainable impact across health, economics, policy, technology, the environment and society at large. We also offer a broad range of [world-class infrastructure and services](#) to support the needs of the research community and industry.

Our campus is located in Greater Kuala Lumpur, one of the region's industrial hotspots. We sit in the heart of the rapidly developing economic corridor linking Singapore, Kuala Lumpur, Bangkok and beyond. Our education and research are oriented towards deep engagement with this dynamic socio-economic and industrial landscape.

Monash University Malaysia is committed to delivering quality education and research to address the global challenges of our time, and we have ambitious plans to reach our goals. Join us as we make a positive difference for the betterment of communities worldwide.

Jeffrey Cheah School of Medicine and Health Sciences was established in 2005. The School's vision is to become a leading medical school in Asia, as measured by the quality and impact of its teaching and research, and, through these, to engage with and serve the community. By pursuing this vision, the school contributes to the University's mission to improve the human condition by advancing knowledge and fostering creativity.

The School offers the Bachelor of Medical Science and Doctor of Medicine, Bachelor of Human Nutrition, Bachelor of Psychology and Business, Bachelor of Psychology, Bachelor of Psychology (Honours), Bachelor of Medical Science (Honours), Master of Professional Counselling, Master of Biotechnology, Master of Biomedical Science and Doctor of Philosophy (PhD) programs. The school is envisaged to launch the Master of Clinical Psychology and Bachelor of Health Sciences (Honours) in February 2026

Delivery of the medicine program is spread over several locations with the first two years being taught at the Monash University Malaysia at Main Campus in Bandar Sunway, Selangor while the subsequent three years being taught at the Clinical School in Johor Bahru.

POSITION PURPOSE

A Level C academic is expected to make significant contributions to the teaching effort of a discipline, school, faculty or other organisational unit or an interdisciplinary area. An academic at this level is also expected to play a major role in scholarship, research and/or professional activities.

The Senior Lecturer (Practice) in Internal Medicine provides academic leadership in the delivery and coordination of high-quality undergraduate teaching for the clinical years at the Clinical School Johor Bahru. The role includes curriculum development, assessment, and evaluation in line with university and accreditation standards, as well as supervision and mentoring of students for the clinical years. The Senior Lecturer (Practice) contributes to teaching quality assurance and continuous improvement initiatives and actively participates in faculty and school service activities that support the educational mission of the University.

Reporting line: The position reports to the Head of Clinical School Johor Bahru.

Supervisory responsibilities: Not applicable

Financial delegation and/or budget responsibilities: Not applicable

KEY RESPONSIBILITIES

1. Contribute to curriculum development, innovation, enhancement and quality assurance in the undergraduate and postgraduate curriculum
2. Develop and deliver innovative and excellent teaching, learning and assessment experiences for undergraduate and postgraduate students
3. Engage in scholarly activities related to Internal Medicine and medical education.
4. Support the development and implementation of a research strategy for Jeffrey Cheah School of Medicine and Health Sciences consistent with the research priorities of Monash University Malaysia and Monash University
5. Participate in collaborations with other universities and with government, industry and/or civil society to drive research impact and educational excellence
6. Support the management of education, research and/or administration in the School through, for example, participation in committees
7. Contribute to quality assurance and continuous improvement of the medicine program

KEY SELECTION CRITERIA

Education/Qualifications

1. Academic Qualification:
 - Must possess an undergraduate medical qualification recognised by the Malaysian Medical Council (MMC).
 - Must possess a recognised postgraduate qualification and/or Specialist qualification in the related discipline.
2. Demonstrated experience in the development of curriculum content
3. A strong record of teaching which demonstrates a commitment to educational innovation.
4. An excellent research record, with a strong trajectory in publications, grants and PhD/Masters/Honours supervision
5. Experience in working with partners in universities, government and/or civil society
6. Demonstrated skills and experience in collaboration and teamwork
7. Eligible to register with the Malaysian Medical Council

LEGAL COMPLIANCE
