Role Description
DRAFT Research Assistant

Cluster	Stronger Communities
Agency	Fire and Rescue NSW (FRNSW)
Directorate/Branch/Unit	Field Operations/Community Safety/Fire Safety/Fire Safety Policy Unit
Classification/Grade/Band	Clerk Grade 5/6
Location	Greenacre
Role Number	**TBA**
ANZSCO Code	531111
PCAT Code	1129192
Agency Website	www.fire.nsw.gov.au

Agency overview

Fire and Rescue NSW (FRNSW) is one of the world's largest urban fire and rescue services and is the busiest in Australia. Our overriding purpose is to enhance community safety, quality of life, and confidence by minimising the impact of hazards and emergency incidents on the people, property, environment and on the economy of NSW. Our capabilities extend far beyond fighting fires. FRNSW firefighters are among the most highly trained in the world. Our teams provide fire prevention, they respond to hazardous materials incidents, natural disasters and medical emergencies. Our teams also support counter terrorism operations and lead urban search and rescue operations. We are prepared for anything – helping anyone, anywhere, anytime.

Primary purpose of the role

Support research and systems development and coordinate the collection of data in order to disseminate information across FRNSW.

Key accountabilities

- Setting-up and operation of research equipment, including collecting, compiling data, planning and carrying out experiments and complex analytical procedures under supervision
- Preparation, maintenance, calibration and testing of a range of research instrumentation and equipment
- Capture of data and dissemination of relevant information
- Collect data and present information relative to ongoing applied and theoretical fire and emergency research to improve building codes and community safety programs
- Assist with the development, implementation and maintenance of computer-based systems and databases supporting fire and emergency research
- Undertake and document literature reviews
- Contribute to research and development of materials and maintain quality controls of information resources
- Prepare data from databases and other information systems for reporting purposes

Key challenges

- Maintain current knowledge of relevant codes and standards including developments in related technologies, policies and procedures
- Exercising attention to detail to ensure compliance with established legislative requirements and FRNSW policy and procedures
- Ability to work and communicate successfully within FRNSW and across research and industry groups
- Ability to understand and apply specified field and/or laboratory research procedures and protocols

Key relationships

Who	Why
Internal	
Staff within Unit	• Provide assistance to staff in accessing and utilising information and resources
Senior Managers	• Provide material and reports to assist with research and utilising systems
External	
State & Federal Government other fire agencies and industry Stakeholders	• In consultation with management liaise with to facilitate the exchange of information to assist in research and systems development

Role dimensions

Decision making

- Make day-to-day decisions within the scope of the role, prioritising in accordance with agreed timeframes and level of complexity
- Identify and recommend methods for the ongoing development and improvement of information management, information sharing and research capabilities

Reporting line: Senior Research Coordinator

Direct reports: Nil

Budget/Expenditure: As per FRNSW Delegations Manual

Key knowledge and experience

- Experience in undertaking literature reviews.
- Experience in conducting research activities including preparation, maintenance, calibration and testing of a range of research instrumentation and equipment and setting-up and operation of research equipment, including collecting and compiling data and planning and carrying out experiments under supervision.

Essential requirements

- Tertiary qualifications in related technical field or equivalent experience

Capabilities for the role

The NSW public sector capability framework describes the capabilities (knowledge, skills and abilities) needed to perform a role. There are four main groups of capabilities: personal attributes, relationships, results and business enablers, with a fifth people management group of capabilities for roles with managerial responsibilities. These groups, combined with capabilities drawn from occupation-specific capability sets where relevant, work together to provide an understanding of the capabilities needed for the role.

The capabilities are separated into **focus capabilities** and **complementary capabilities**.

Focus capabilities

Focus capabilities are the capabilities considered the most important for effective performance of the role. These capabilities will be assessed at recruitment.

The focus capabilities for this role are shown below with a brief explanation of what each capability covers and the indicators describing the types of behaviours expected at each level.

FOCUS CAPABILITIES

Capability group/sets	Capability name	Behavioural Indicators	Level
Personal Attributes	**Act with Integrity** Be ethical and professional, and uphold and promote the public sector values	• Represent the organisation in an honest, ethical and professional way • Support a culture of integrity and professionalism • Understand and follow legislation, rules, policies, guidelines and codes of conduct • Help others to understand their obligations to comply with legislation, rules, policies, guidelines and codes of conduct • Recognise and report misconduct, illegal or inappropriate behaviour • Report and manage apparent conflicts of interest	Intermediate
Relationships	**Communicate Effectively** Communicate clearly, actively listen to others, and respond with understanding and respect	• Focus on key points and speak in 'Plain English' • Clearly explain and present ideas and arguments • Listen to others when they are speaking and ask appropriate, respectful questions • Monitor own and others' non-verbal cues and adapt where necessary • Prepare written material that is well structured and easy to follow by the intended audience • Communicate routine technical information clearly	**Intermediate**
	Work Collaboratively Collaborate with others and value their contribution	• Build a supportive and co-operative team environment • Share information and learning across teams • Acknowledge outcomes which were achieved by effective collaboration • Engage other teams/units to share information and solve issues and problems jointly • Support others in challenging situations	**Intermediate**
Results	**Deliver Results** Achieve results through the efficient use of resources and a commitment to quality outcomes	• Complete own work tasks under guidance, within set budgets, timeframes and standards • Take the initiative to progress own work • Identify resources needed to complete allocated work tasks • Seek clarification when unsure of work tasks	**Foundational**
	Think and Solve Problems Think, analyse and consider the broader context to develop practical solutions	• Research and analyse information and make recommendations based on relevant evidence • Identify issues that may hinder completion of tasks and find appropriate solutions • Be willing to seek out input from others and share own ideas to achieve best outcomes • Identify ways to improve systems or processes which are used by the team/unit	**Intermediate**

Capability group/sets	Capability name	Behavioural Indicators	Level
Business Enablers	**Project Management** Understand and apply effective planning, coordination and control methods	• Perform basic research and analysis which others will use to inform project directions • Understand project goals, steps to be undertaken and expected outcomes • Prepare accurate documentation to support cost or resource estimates • Participate and contribute to reviews of progress, outcomes and future improvements • Identify and escalate any possible variance from project plans	**Intermediate**

Complementary capabilities

Complementary capabilities are also identified from the Capability Framework and relevant occupation-specific capability sets. They are important to identifying performance required for the role and development opportunities.

Note: capabilities listed as 'not essential' for this role are not relevant for recruitment purposes however may be relevant for future career development.

COMPLEMENTARY CAPABILITIES			
Capability group/sets	**Capability name**	**Description**	**Level**
Personal Attributes	Display Resilience and Courage	Be open and honest, prepared to express your views, and willing to accept and commit to change	Intermediate
	Manage Self	Show drive and motivation, an ability to self-reflect and a commitment to learning	Intermediate
	Value Diversity and Inclusion	Demonstrate inclusive behaviour and show respect for diverse backgrounds, experiences and perspectives	Foundational
Relationships	Commit to Customer Service	Provide customer-focused services in line with public sector and organisational objectives	Foundational
	Influence and Negotiate	Gain consensus and commitment from others, and resolve issues and conflicts	Intermediate
Results	Plan and Prioritise	Plan to achieve priority outcomes and respond flexibly to changing circumstances	Foundational
	Demonstrate Accountability	Be proactive and responsible for own actions, and adhere to legislation, policy and guidelines	Intermediate
Business Enablers	Finance	Understand and apply financial processes to achieve value for money and minimise financial risk	Foundational
	Technology	Understand and use available technologies to maximise efficiencies and effectiveness	Intermediate
	Procurement and Contract Management	Understand and apply procurement processes to ensure effective purchasing and contract performance	Foundational
