NSW DOI - video attached.

Applicants tested on are:

- kamalaventhana.subramaniam@scania.com'
- summarosewall@gmail.com

May be these people were manually deleted previously however, then the below warning doesn't makes sense.

- All information that personally identifies the applicant has been cleared
- All associated job applications have been set to the status "Removed"
- All associated documents have been deleted
- All associated event bookings have been deleted

Hi Theo,

No filters used - Go to Talent Search>Select one applicant from the applicants that have populated>Click into the selected bucket>Click on the blue bar at the top pf the applicant box

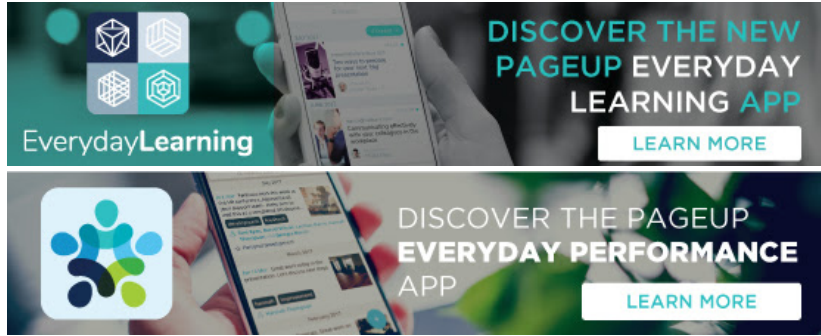

This was noticed by me. Sorry in back to back if you need further details I can do it a bit later.

Hi Geo,

Which client?
What was the search that you performed?
