### Our culture and values

We have a clear strategy and important work in place to become Australia's bank of choice.

Our values of **teamwork, integrity, performance, engagement, leadership** and **passion** are at the core of who we are and form the expectation of the behaviours we adopt every day.

We strive to have a culture that drives balanced outcomes; is open and informed for disciplined execution; that celebrates and recognises success; and where the sum is greater than its parts. To achieve this, we focus on four critical behaviours: **act commercially; move fast to help customers achieve their goals; recognise people for their impact; and actively challenge the status quo.**

Together, we're creating a culture we can continue to be proud of; one that will help us reach new heights.

## ROLE PROFILE

### Your division, your team

The objective of the Customer Enablement Division is to provide frontline relationship support and service and develop strong and sustainable partnerships to a wide range of customers and partners.

The Operations, Processing & Servicing (OPS) function contributes towards this vision by developing and executing strategies which will deliver our products and services to our customers in an efficient and cost-effective manner. A culture of operational excellence underpins this, with the delivery of a highly efficient and robust operational platform impacting the experience of our customers and partners, which in turns delivers to the customer value proposition.

Our role is to provide our stakeholders with a range of services supporting Consumer & Business Lending, Deposit & Wealth Strategic Objectives, and Loan & Deposit Servicing functions.

The Settlements and Security teams provide a key function within the bank to verify loans and incoming securities and organise property and financial settlements with external parties. The role plays an important role in the Bank's lending providing funds to customers and ensuring that the Bank is adequately secured and able to take possession of the property offered by the customer as security against a loan in the event of a default.

### The purpose of your role

The Loan Services Officer (E-Settlements) key responsibilities relate to the accurate processing of:

- Arranging finance settlements with other stakeholders (solicitors, other financial institutions, agents etc.)
- Funding of Local Connection Loans
- Processing financial transactions in the RFS-B System
- Creating and lodging electronic registration instruments.
- Attend to any requisitions that may issue from the lodging process.
- Checking of and certifying of files utilising existing security for settlement
- Checking the execution and accuracy of all Local Connection security documents

Success will come from effective execution of a broad set of key result areas.
