Date reviewed | January 2020

About Australian Catholic University

**Mission Statement:** Within the Catholic intellectual tradition and acting in Truth and Love, Australian Catholic University is committed to the pursuit of knowledge, the dignity of the human person and the common good.

At ACU we pride ourselves on offering a welcoming environment for everyone. At the same time, we are a university committed to standing for something clear. We stand up for people in need and causes that matter. ACU's Mission is central to the University, and informs every area – integrating the dignity of the human person, the common good, and ethical and social justice considerations into our core activities of student learning and teaching, research and service.

We are a publicly-funded university which has grown rapidly over the past few years. We’re young, but we are making our mark: ranking among the top universities worldwide. We have got seven campuses around Australia, more than 200 partner universities on six continents, and a campus in Rome, Italy.

We know that our people make us a university like no other. It’s your values, action and passion that makes the difference. Whatever role you may play in our organisation: it’s what you do that defines who we are.

We value staff, offering excellent leave and employment conditions, and foster work environments where they have the ability to grow and develop. We continue to invest in our facilities and workplaces, and actively involve staff in shaping the future direction of the organisation.

In order to be agents of change in the world, we all need to see life through the eyes of others. We believe that our role as a university is to inspire and equip people to make a difference – and that means cultivating their ability to act and think empathetically.

We hope that you might champion these values, and work with us to create a place of learning that is not only the envy of the world, but the making of it.

The structure to support this complex and national University consists of:
- Provost and Deputy Vice-Chancellor (Academic)
- Chief Operating Officer & Deputy Vice-Chancellor (Administration)
- Deputy Vice-Chancellor (Research)
- Deputy Vice-Chancellor (Education and Innovation)
• Deputy Vice-Chancellor (Coordination)
• Vice President

Each portfolio consists of a number of Faculties, Research Institutes or Directorates. The Vice President drives both the Identity and the Mission of the University. In addition, five Associate Vice-Chancellors and Campus Deans focus on the University’s local presence and development of the University at the local ‘campus’ level.

ABOUT THE FACULTY LAW AND BUSINESS

The Faculty of Law and Business was established on 1 January 2014 following the merger of the former Faculty of Business and Thomas More Law Academy.

Consisting of two key schools, the Peter Faber Business School and the Thomas More Law School, the Faculty provides both undergraduate and postgraduate degree programs across a range of business disciplines and law.

The overarching theme of Humanity and Human Values in Law and Business drives our faculty research. We focus our research on the lives of society’s most marginalised and vulnerable people, who are often at the periphery of policy and organisational concerns. By illuminating rarely revealed aspects of organisations and societies, we develop critical insights that align closely with ACU’s Mission.

The Faculty is staffed by a dedicated, nationally and internationally recognised team of academics whose teaching is supported by their active involvement in relevant industries, professional associations or links to eminent international business and law schools. Teaching staff have an established research record with a commitment to conducting research in innovative and demand-driven areas.

Students are valued as individuals and teaching staff are directly involved with students’ academic development. The Faculty aims to equip our graduates with the necessary skills to become leaders, not only in their chosen profession, but in the community. We emphasise the ethical, social and environmental duties of the modern business leader and lawyer, with all our courses having a strong practical component through community engagement, pro bono work and internships.

ABOUT THE PETER FABER BUSINESS SCHOOL

Named after St Peter Faber SJ, the School’s mission is to develop reflective business leaders and independent learners who are global in their outlook, ethical in their actions and practical in the application of their professional skills.

Research is a strategic priority for the School and academic staff are expected to publish their scholarly works regularly in journals rated ‘A*’ or ‘A’ by the Australian Business Deans Council (ABDC). PFBS staff have published articles in such journals as The Leadership Quarterly, Journal of Applied Psychology, Human Resource Management (US), Human Relations, Academy of Management Review, Organization Science, Academy of Management Annals, and similar top-tier outlets. The successful candidate is expected to contribute at this level.

The School operates over four campuses (Brisbane, Melbourne, North Sydney and Strathfield) and offers a range of undergraduate and postgraduate programs. All programs are underpinned by the principles of Catholic Social Teaching and the UN Principles of Responsible Management Education. All undergraduate students are required to undertake a unit in community engagement which involves them working directly with not for profit and community organisations.

The School’s major undergraduate degree is the Bachelor of Commerce which offers majors in accounting, finance, human resource management, management and marketing. Students may also undertake a variety of minors from within the business disciplines or across faculties.

Other undergraduate degrees offered are the Bachelor of Business Administration, Bachelor of IT and Bachelor of Accounting and Finance. The School also offers a range of dual degrees which combine business with other fields of study such as nursing, exercise science and global studies.

At the postgraduate level the School offers the Master of Professional Accounting, Master of Finance, Master of IT, Master of Commerce and Master of Business Administration across selected campuses.
In all its endeavours, the Peter Faber Business School benefits from a growing research reputation in the Business and Management arena (FoR 1503). The quality of the Business and Management research domain has strengthened substantially, moving from 'well below world standard' less than a decade ago to 'world standard' quality assessments in both, the 2015 and 2018 Excellence in Research for Australia (ERA) exercises. Building on this trajectory and consistent with ACU’s research intensification strategy, reaching the levels of ‘above world standard’ and ‘well above world standard’ is the School’s strategic objective.

‘Improving lives through meaningful work’ serves as the School's key research focus. Closely aligned with ACU’s mission in the pursuit of knowledge, the dignity of the human person and the common good, researchers explore scholarly themes in the Management domain through the lens of cultural, social, psychological and ethical enquiry. This influential work features in several of the world's leading journals.

**POSITION PURPOSE**

In close alignment with ACU’s research intensification strategy, this position will provide and engage in the pursuit of world leading research, individually and collectively, for the benefit of our students, staff, government, non-governmental organisations, industry and communities, delivering practical solutions to their real-world problems. The position has a substantial leadership element and will contribute across the full range of academic activities across learning and teaching, research, academic management and engagement. Specifically, the position holder will

- Produce world leading research outputs, evidenced by regular publications in at least ABDC A rated journals (with some works in ABDC A* rated journals an expectation)
- Under guidance from senior peers, engage in the attraction of research grants and/or industry funding, research impact and engagement endeavours, working closely with external stakeholders as appropriate
- Engage in high quality research informed teaching and supervision of honours, and/or masters and/or PhD by coursework students.
- Under guidance from senior peers, serve as a member of HDR supervisory team
- Lead on curricular developments of and teach several units in an appropriate Management discipline
- Engage in a sustained record of high quality, innovative teaching informed by research and reflective practice
- Demonstrate developing leadership and/or innovation in the enhancement of engaging learning environments at a course, discipline and/or school level using various delivery methods.
- Be responsible and accountable for achieving excellence in all areas of activity

**POSITION RESPONSIBILITIES**

**Introduction**

A number of frameworks and standards express the University’s expectations of the conduct, capability, participation and contribution of staff. These are listed below:

- ACU Strategic Plan 2015-2020 and 2023
- Catholic Identity and Mission
- Learning For Life Framework 2014-2017
- ACU Teaching Criteria and Standards Framework
- Research Quality Standards
- Academic Performance Matrices and Evidence Framework
- ACU Capability Development Framework
- Minimum Standards for Academic Levels (MSALs)
- Higher Education Standards Framework
- ACU Service Delivery Model
• ACU Staff Enterprise Agreement including provisions in relation to Performance Excellence and Academic Career Pathways.

The following two frameworks in particular are important in understanding the expectations of an academic position and the required qualifications and capability of a position holder:

• The Academic Performance Matrices and Evidence Framework which describes the performance standards in areas of academic activity.
• The Capability Development Framework which describes the core competencies needed in all ACU staff to achieve the University’s strategy and supports its mission.

All academic staff are allocated workload comprising a range of academic duties/activities that fall within the following three broad areas of academic activity in line with the relevant Academic Career Pathway and Academic Level.

• Teaching, Curriculum Development and Scholarship of Teaching
• Research
• Academic leadership/service.

• Adapt and lead change  
• Deliver stakeholder centric service  
•  |
## Qualifications and other credentials

1. Completed doctorate in appropriate Management discipline and relevant undergraduate qualifications

2. Membership of appropriate professional body

## Research

3. Demonstrable evidence of track record of world leading research, including recent (from 2016 onwards) publications in high quality (ABDC A* and A rated) journals in FoR 1503 (Business and Management). Some A* publications are expected.

4. Evidence of established programme of ongoing research endeavours leading to publications in high quality (ABDC A* and A rated) journals.

5. Demonstrable evidence of attracting research grants and/or industry funding

6. Successful completion of HDR supervision

## Teaching, curriculum development and scholarship of teaching

7. Leadership in the creation and/or advancement of effective methodologies that embed the use of current disciplinary research, including ACU research, in teaching and curriculum, normally recognised at a national and/or international level, that:
   - facilitates student engagement in research,
   - encourages inquiry-based learning and
   - develops student understanding of research culture and skills within the discipline.

8. A sustained record of high-quality innovative teaching in Business and management

## Academic leadership/service

9. Demonstrated strategic leadership of knowledge sharing within the academic community (including students).

10. Evidence of substantial sustained effective supervision and mentoring of staff.

11. Sustained effective performance and leadership in relation to strategically aligned external service and engagement activities relevant to discipline / profession / expertise.

## Core Competencies

12. Live ACU’s Mission, Vision and Values: Demonstrate confidence and courage in achieving ACU’s Mission, Vision and Values by connecting the purpose of one’s work to ACU’s Mission, Vision and Values.

## Other attributes

13. Demonstrated commitment to cultural diversity and ethical practice principles and demonstrated knowledge of equal employment opportunity and workplace health and safety, appropriate to the level of the appointment.
