SENIOR LECTURER

SCHOOL/UNIT
School of Information Technology

SPECIALISATION
Computer Science / Software Engineering

CLASSIFICATION
Level C

WORK LOCATION
Malaysia

ORGANISATIONAL CONTEXT

Monash University is Australia’s largest university, and member of the prestigious Group of Eight research intensive universities. Monash consistently rates in the top 100 universities in the world.

Monash University Malaysia is Monash’s third largest campus, with over 8000 students and 900 staff. We are a comprehensive campus offering degrees in business, engineering, medicine, science, information technology, pharmacy, social science and humanities. We are rated among the very best of universities in Malaysia, and the quality of our research output positions us among the very best universities in Southeast Asia.

Monash University Malaysia provides Monash University with a platform for scholarly engagement with the dynamic Southeast Asia region. We are located in greater Kuala Lumpur, in the Klang Valley, one of the region’s industrial hotspots. We sit in the heart of the rapidly developing economic corridor linking Singapore, Kuala Lumpur, Bangkok and beyond. Our education and research is oriented towards deep engagement with this dynamic social and industrial landscape.

In 2018 we celebrated our twentieth anniversary in Malaysia. During this time we have produced more than 16,000 graduates from more than 70 different countries. We provide a diverse and inclusive scholarly environment.

In 2017 Monash Malaysia was awarded a Six Star SETARA rating by the Malaysian Ministry of Education. This places us in the very top “outstanding” cohort of Malaysian Universities.

Monash University Malaysia is jointly owned by Monash University and the Jeffrey Cheah Foundation.

For further information see: www.monash.edu.my.

The School of Information Technology (IT) at Monash University Malaysia is one of seven schools under the purview of the Faculty of Information Technology, one of the most prestigious IT faculties in the world. By integrating its computing and information technology disciplines, the School provides enormous breadth and depth of teaching and research to the campuses, strategic alliances, centres and partnerships that form the Monash global network.
The School of IT is committed to develop courses relevant to living and working, and is poised to meet an increased demand for top-notch IT graduates in the next few years. The School of IT allows students to pursue their interests while acquiring the knowledge and skills that employers are looking for, in parallel enhancing their learning initiative by applying knowledge in exciting, immersive and innovative ways.

Currently, the School offers 3-year Bachelor of Computer Science (BCompSci) degree, 1-year Bachelor of Computer Science (Honours) and 2-year Master of Business Information Systems (MBIS) by coursework. The School also offers a 4-year Bachelor of Software Engineering (Honours) in collaboration with the School of Engineering. The School also has a dynamic research environment, with research programs available for undergraduate and postgraduate students, including MPhil and PhD studies.

**POSITION PURPOSE**

A Level C academic is expected to make significant contributions to the teaching effort of a department, school, faculty or other organisational unit or an interdisciplinary area. An academic at this level is also expected to play a major role in scholarship, research and/or professional activities.

**Reporting Line:** The position reports to Associate Head (Education)

**Supervisory Responsibilities:** Not applicable

**Financial Delegation:** Not applicable

**Budget Responsibilities:** Not applicable

**KEY RESPONSIBILITIES**

The key result areas of Research, Teaching and Service are the basis for the primary duties and responsibilities of the role. A workload will be agreed annually with the Head of School in the Performance Development Plan process.

1. **Research**
   - Conduct independent research and act as principal investigator and project leader
   - Enhance the University’s international reputation through research publications of appropriate quantity and quality, and contribute to worldwide debates at regional and international conferences
   - Obtain external research earnings through carefully prepared and successful grant applications as well as identifying potential income-generating programs and collaborative partnerships
   - Contribute to enhancing the quality and quantity of multiple-disciplinary research at the University in an area related or complementary to existing research priorities
   - Leading the supervision of research projects, manage dedicated research staff and postgraduate research students
   - Contribute to maintaining a collegial working atmosphere and stimulating research environment that will attract further research staff and graduate research students of the highest quality

2. **Teaching**
   - Prepare, review and deliver lectures, tutorials, practical classes, demonstrations, workshops, student field excursions, clinical sessions and/or studio sessions and seminars
   - Contribute in course coordination and developing curriculum, course materials and learning activities for undergraduate and postgraduate course/unit in which the academic teaches
   - Design and execute formative and summative assessment including marking that is aligned with student learning outcomes
   - Contribute to the scholarship of learning and teaching (including curriculum and student engagement) within the discipline
• Supervise the program of study of honours students and of postgraduate students engaged in course work
• Provide feedback to students on their learning through student consultations
• Undertake administrative responsibilities primarily connected with units in which the academic teaches including course review, admission and accreditation processes

3. Service
• Share in academic service responsibilities, including contributing to outcomes of the discipline and/or school meetings and/or internal campus committees
• Foster strong engagement with the profession, industry, professional bodies and general community
• Contribute to the development of collaborative linkages with Malaysian and regional agencies, institutions and industry
• Contribute to the overall strategic planning and academic management of the School
• Contribute to the development of other academic staff through mentoring, coaching and effective supervision
• Establish collaborative links with government and professional bodies for the promotion and development of the discipline

KEY SELECTION CRITERIA

Education/Qualifications
1. The appointee will have:
   • A doctoral qualification in the relevant discipline area or equivalent accreditation and standing and/or recognised significant experience in the relevant discipline area; and
   • membership of relevant professional bodies

Knowledge and Skills
2. Possess a high level of interpersonal skills and demonstrated ability to work independently and as part of a team across both the education and service sectors
3. Demonstrated publication record in high-quality refereed journals, conferences equivalent textbooks or teaching resources
4. Demonstrated ability in undertaking outstanding research and leading a research team and project
5. Proven record of obtaining significant external grants for research
6. Demonstrated record of successfully supervising postgraduate research students
7. Ability to work positively and cooperatively with students, internal and external teams and external organisations
8. Demonstrated strong record of teaching experience in a tertiary environment including course coordination
9. Demonstrated ability to motivate, actively engage and educate a given audience
10. Proven ability, commitment and passion for engaging in scholarly and research activities
11. A demonstrated capacity to work in a collegiate manner with other staff in the workplace
12. Demonstrated evidence of the use of technology and innovation to enhance teaching and research
13. Experience in curriculum development and coordination of degree programmes
OTHER JOB RELATED INFORMATION

- Travel to other campuses of the University may be required
- There may be a requirement to work additional hours from time to time
- There may be peak periods of work during which taking of leave may be restricted
- Participation in key events for the Campus and School, as required:
  - Monash Open Day and Graduation Ceremonies
  - Campus enrolment and induction sessions as the School’s representative
  - Campus, School and Discipline functions that may take place after normal office hours

LEGAL COMPLIANCE

Ensure you are aware of and adhere to legislation and University policy relevant to the duties undertaken, including: Ethics, Equal Opportunity, Occupational Health and Safety, Conflict of Interest (including Conflict of Interest in Research), Paid Outside Work, Personal Data Protection, Conduct of Research, and Staff/Student Relationships.
