LECTURER

DEPARTMENT/UNIT  Econometrics and Business Statistics
FACULTY/DIVISION  Faculty of Business and Economics
CLASSIFICATION  Level B
WORK LOCATION  Caulfield campus

ORGANISATIONAL CONTEXT

Everyone needs a platform to launch a satisfying career. At Monash, we give you the space and support to take your career in all kinds of exciting new directions. You’ll have access to quality research, infrastructure and learning facilities, opportunities to collaborate internationally, as well as the grants you’ll need to publish your work. We’re a university full of energetic and enthusiastic minds, driven to challenge what’s expected, expand what we know, and learn from other inspiring, empowering thinkers. Discover more at www.monash.edu.

The Monash Business School is structured into seven discipline-based departments (Accounting, Banking and Finance, Business Law and Taxation, Econometrics and Business Statistics, Economics, Management, and Marketing) along with the specialist Leadership and Executive Education unit and a number of research centres, units and groups in specialist areas such as behavioural economics, development economics, employment and work, finance, global business, and retail studies. To learn more about the Monash Business School, please visit our website, https://www.monash.edu/business.

To support the core operations and strategic priorities of the Monash Business School, administrative functions are divided into seven dedicated teams: Engagement and Marketing Services, Finance Services, Leadership and Executive Education Services, Operational Services, Performance and Quality Services, Research Services and Student and Education Services. Each team has areas of functional specialisation that are aligned with central functions in the co-delivery of services, fostering excellence in service delivery, and capitalising on strategic opportunities for growth and diversification in research and education.

The Department of Econometrics and Business Statistics is recognised worldwide for the quality of its research and teaching and has been designated by Monash as an area of outstanding strength, ‘demonstrably preeminent relative to other Australian universities and competitive with the strongest international equivalents’. In the Excellence in Research for Australia assessment conducted by the Australian Research Council in 2018, Monash University received a rank of 5, which is the highest possible rank, in Econometrics. In the top 10% of institutions in the field of Econometrics ranked by IDEAS (a Research Papers in Economics service maintained by the Federal Reserve Bank of St. Louis, USA) the Department appears among the best institutions in the world.

We provide the quantitative training in the Bachelor of Business, the Bachelor of Commerce, as well as several Masters by Coursework programs and we offer a comprehensive curriculum at the undergraduate and 2 postgraduate levels in econometrics, business statistics, financial econometrics and actuarial studies. Many of our senior staff are editors and associate editors of reputable academic journals in econometrics and statistics and we
enjoy significant success in gaining grants and contract research. For more information about our Department and the work we do, please visit our website: https://www.monash.edu/business/econometrics-and-business-statistics.

Econometrics at Monash University is a well-established discipline in the Department of Econometrics and Business Statistics, with an undergraduate and honours degree that incorporates a major in econometrics and a postgraduate coursework program that includes a major in applied econometrics. The department has a high level of national and international research activities.
