

POSITION DESCRIPTION

Position Title	CLOUD OPTIMISATION ANALYST	Position No.	50053225
Team	Product & Content Technology	Classification	Technologist
Department	Information Technology	Schedule Roster Cycle	Schedule A 2 Week Rostered
Location	Ultimo	Band / Level	Band 7
Reports to	CLOUD SHARED SERVICES TEAM LEAD 50054285	HR Endorsement	8/04/2021

Purpose

Drive ongoing efficiencies within the ABC's cloud environments and provide high level assistance in the efficient provision and use of cloud platforms and services across the ABC.

Key Accountabilities

- Provide cost reduction recommendations and high level operational support to teams across Product & Content Technology to ensure ABC's cloud platforms and services are used in an efficient manner.
- Inform and contribute significantly to the implementation of policies and standards relevant to the work areas, including controlling cost for cloud platforms and SaaS across the ABC.
- Develop strategies and roadmaps to ensure ongoing cost efficiencies across ABC's cloud environments.
- Leverage available SaaS tools to track, create reports and dashboards for costs for Cloud Platform Providers, including Amazon Web Services (AWS).
- Prepare and present detailed regular reporting of spending across ABC's cloud services within different levels of the organisation and advocate a cost awareness culture.
- Automate capabilities to enable teams to identify cost saving opportunities for their cloud accounts and hosted systems.
- Maintain a highly advanced technical knowledge of ABC cloud systems and services, including an understanding of business usage; and contribute significantly to the development and maintenance of technical standards and support documentation.
- Contribute significantly to the operation and support of applications and services provided by the Cloud Shared Services team.
- Actively promote the ABC values and apply all relevant workplace policies and guidelines.
- Cooperate with any reasonable instruction, procedure or policy relating to safety and take reasonable care for your own safety and that of other people who may be affected by your conduct while at work. Additional WHS responsibilities apply to Managers and Supervisors, Team Directors, and other Officers.

Key Capabilities/Qualifications/Experience

1. Relevant tertiary qualifications or demonstrated equivalent significant skills, knowledge and experience. Current knowledge and keen interest in the cloud, Internet and media industry.
2. Demonstrated significant experience leveraging SaaS cloud cost management solutions such as AWS Cost Explorer and Cloudability to track, report and dashboard AWS costs.
3. Demonstrated significant experience in the management and use of AWS products and implementing AWS cost control measures such as right sizing, reserved capacity and spot market.
4. Experience in the management and use of common SaaS based cloud management tools (Datadog, Splunk and Atlassian Cloud).
5. Experience in automating cost control measures within Cloud platforms.

POSITION DESCRIPTION

6. Demonstrated experience working with Agile project management practices.
7. Highly advanced interpersonal and communication skills with proven ability to communicate effectively with a range of different stakeholders and work effectively in a team environment.
8. Highly advanced analytical and problem-solving skills with the ability diagnose and solve very complex technical problems across multiple platforms.
9. **ABC Principles:** Demonstrated commitment to the ABC Principles of We are ABC, Straight Talking, People Focused, Accountable and Open & Transparent.
10. **ABC Policies:** Understanding of the relevance and scope of ABC policies and the ABC Principles and a commitment to adhere to these; particularly in relation to complying with health, safety and wellbeing requirements in the workplace and acting in accordance with the ABC Principles.
11. **Diversity and Inclusion:** Ability to communicate effectively and build relationships with people from a range of diverse backgrounds.
