Organisational Environment

The Faculty of Humanities and Social Sciences (HASS) is a large comprehensive Faculty with a broad academic profile and substantial research achievements. The Faculty Office is based at the St Lucia campus in the iconic Forgan Smith building adjacent to the Great Court of the University. The current Executive Dean is Professor Julie Duck who is Acting in the role following the transition of Professor Tim Dunne to a Pro-Vice-Chancellor position in the Office of the Provost.

The Faculty comprises seven Schools (Communication & Arts; Education; Historical & Philosophical Inquiry; Languages & Cultures; Music; Political Science & International Studies; Social Science), two research Institutes (Institute for Social Science Research; Institute for Advanced Studies in the Humanities), two museums (Anthropology Museum and the RD Milns Antiquities Museum), a new Faculty Centre for Policy Futures, and several school-based research centres. The Faculty is also host to the Institute for Modern Languages and the Confucius Institute. The Faculty offers a broad range of programs to a large cohort of international and domestic students, with 850 research higher degree students, approximately 1,500 students in postgraduate coursework degrees and close to 8,000 undergraduates.

There are over 300 academic staff across the Faculty, making it one of the largest in Australia. One indicator of the Faculty’s standing in the disciplines that we research is membership in the learned academies, where UQ can proudly claim 33 members of the Australian Academy of the Humanities and 50 members of the Academy of Social Sciences in Australia.

Teaching in the Faculty is underpinned by substantial research performance and several specialized fields of research were judged at the highest level (5 ranking) in the 2015 Excellence in Research Australia (ERA) round. These fields include Specialist Studies in Education; Political Science; Cultural Studies; Literary Studies; History and Philosophy of Specific Fields. Overall, HASS returned outputs to 21 disciplinary field codes, where 90% were rated above (4 ranking) or well above world standard (5 ranking). This is indicative of high quality and capacity in research.

These research achievements internationally are reflected in the 2017 Leiden rankings (based on impact, not reputation), where the Humanities and Social Sciences at UQ ranks 16th in the world on the quantum of publications in ranked journals, placing us first in Australia and in the Oceania region (for the full data-set see http://www.leidenranking.com).

The quality of our overall Faculty’s performance is also evident in the QS World University Rankings for 2017 which places Social Sciences/Management at UQ at 39th in the world, and Humanities at 50th in the world. This data can be accessed at: http://www.topuniversities.com/faculty-rankings.
