# POSITION DESCRIPTION

**Position Title:** Lecturer in Nutrition and Dietetics  
**Organisation Unit:** School of Human Movement and Nutrition Sciences  
**Position Number:** 3043415  
**Type of Employment:** Full time, Continuing  
**Classification:** Academic Level B (Teaching and Research)

## THE UNIVERSITY OF QUEENSLAND

The University of Queensland (UQ) contributes positively to society by engaging in the creation, preservation, transfer and application of knowledge. UQ helps shape the future by bringing together and developing leaders in their fields to inspire the next generation and to advance ideas that benefit the world. UQ strives for the personal and professional success of its students, staff and alumni. For more than a century, we have educated and worked with outstanding people to deliver **knowledge leadership for a better world**.

UQ ranks in the world’s top universities, as measured by several key independent ranking, including the Performance Ranking of Scientific Papers for World Universities (43), the US News Best Global Universities Rankings (52), QS World University Rankings (47), Academic Ranking of World Universities (55), and the Times Higher Education World University Rankings (65). UQ again topped the nation in the prestigious Nature Index and our Life Sciences subject field ranking in the Academic Ranking of World Universities was the highest in Australia at 20.

UQ has an outstanding reputation for the quality of its teachers, its educational programs and employment outcomes for its students. Our students remain at the heart of what we do. The UQ experience – the UQ Advantage – is distinguished by a research enriched curriculum, international collaborations, industry engagement and opportunities that nurture and develop future leaders. UQ has a strong focus on teaching excellence, winning more national teaching excellence awards than any other in the country and attracting the majority of Queensland’s highest academic achievers, as well as top interstate and overseas students.

UQ is one of Australia’s Group of Eight, a charter member of edX and a founding member of Universitas 21, an international consortium of leading research-intensive universities.

Our 50,000-plus strong student community includes more than 13,000 postgraduate scholars and more than 12,000 international students from 144 countries, adding to its proud 240,000-plus alumni. The University has about 7,000 academic and professional staff and a $1.8 billion annual operating budget. Its major campuses are at St Lucia, Gatton and Herston, in addition to teaching and research sites around Queensland and Brisbane city. The University has six Faculties and four University-level Institutes. The Institutes, funded by government and industry grants, philanthropy and commercialisation activities, have built scale and focus in research areas in neuroscience, biomolecular and biomedical sciences, sustainable minerals, bioengineering and nanotechnology, as well as social science research.
UQ has an outstanding track-record in commercialisation of our innovation with major technologies employed across the globe and integral to gross product sales of $11billion+ (see http://uniquest.com.au/our-track-record).

UQ has a rapidly growing record of attracting philanthropic support for its activities and this will be a strategic focus going forward.

**Faculty of Health and Behavioural Sciences**

The Faculty of Health and Behavioural Sciences is a strong faculty that has a coherent focus on health and well-being underpinned by a clear integrative theme related to preventive health and behaviour change. Furthermore, the Faculty provides the opportunity for the allied health sciences to have a strong voice and great visibility within the University.

The Faculty currently includes:

- School of Dentistry
- School of Health and Rehabilitation Sciences
- School of Human Movement and Nutrition Sciences
- School of Nursing, Midwifery and Social Work
- School of Pharmacy
- School of Psychology
- Centre for Youth Substance Abuse Research (CYSAR)
- RECOVER Injury Research Centre
- Queensland Alliance for Environmental Health Sciences (QAEHS)
- Centre for Business and Economics of Health (CBEH)
- UQ Poche Centre for Indigenous Health
- Southern Queensland Rural Health (SQRH)

More information about the Faculty is available at: [http://habs.uq.edu.au/](http://habs.uq.edu.au/)

**School of Human Movement and Nutrition Sciences (HMNS)**

The School of Human Movement and Nutrition Sciences’ vision is an international leader in the study of human movement and nutrition, demonstrating excellence through innovative, creative, and dynamic teaching and research, in a vibrant, interdisciplinary, and engaging environment. The School is consistently ranked in the World’s Top 5 and holds a leadership position in its field in the Australian tertiary environment. It is highly regarded for its teaching, research and community outreach programs. The current staff profile shows 47 FTE academic staff, 11 FTE research staff and 21 professional staff. There are approximately 100 enrolled research higher degree students, and the total EFTSL of all enrolled students at undergraduate and postgraduate levels is approximately 1050.

The School of Human Movement and Nutrition Sciences operates through a committee structure with delegated responsibilities and regular meeting times. The School Executive Committee has as its function to provide advice to the Head of School on matters related to strategic planning and resource allocation (including overall budgeting, resource allocation for equipment & facilities, and workload profiling & duties allocations). Membership consists of the Head of School, professorial staff, School Manager and the directors of the major School committees: Teaching & Learning Committee and Research Committee and the Engagement Committee. Other committees which meet less frequently include the Information Workplace Health and Safety Committee and Equity Committee.

The School offers four (4) undergraduate degrees: the Bachelor of Exercise and Sport Sciences (Hons), Bachelor of Clinical Exercise Physiology (Hons), Bachelor of Health, Sport
and Physical Education (Hons) and a Bachelor of Exercise and Nutrition Sciences with a "provisional pathway degree" from the Bachelor of Exercise and Nutrition Sciences to the Master of Dietetics Studies. The School also contributes into the Bachelor of Arts (Sports Studies) and the Bachelor of Health Sciences. The School offers a wide suite of postgraduate coursework programs in the areas of Clinical Exercise Physiology, Dietetics, Sports Coaching, Sports Medicine, and Sport and Exercise Psychology. Further details about the School's teaching programs, the research interests of academic staff, and other information about the School may be accessed on the School's web site at http://www.hmns.uq.edu.au.

The School currently has four established research centres:

- Centre for Research on Exercise, Physical Activity and Health
- Centre for Sensorimotor Performance
- Centre for Sport and Society
- Centre for Dietetics Research.

The School encourages staff to work across research centres, to facilitate cross-fertilisation of theories and methods, and to form close affiliations with colleagues and projects within the faculty and across the University. The School's operations include over $23 million in operating funding and $2.5 million in research grants and service income.

**Information for Prospective Staff**

Information about life at UQ including staff benefits, relocation and UQ campuses is available at - http://www.uq.edu.au/current-staff/working-at-uq

The University of Queensland [Enterprise Agreement](http://www.uq.edu.au/current-staff/working-at-uq) outlines the position classification standards for Levels A to E.

**DUTY STATEMENT**

**Primary Purpose of Position**

To engage in undergraduate and postgraduate teaching, postgraduate supervision, and further development of the School's Dietetics program and Nutrition courses as well as performing research, administrative and other activities associated with the School. The position complements the staffing profile of the School with a focus on the domain of medical nutrition therapy, paediatric nutrition and sports nutrition, but is not limited solely to these.

**Duties**

Duties and responsibilities include, but are not limited to:

**Teaching and Learning**

- Teach at undergraduate and postgraduate level in the Dietetics, Nutrition and other programs as required, with a focus on medical nutrition therapy and sports nutrition.
- Develop course material.
- Coordinate courses.
- Teach and supervise at honours and research higher degree level.
- Consult with students.
- Provide support for other positions during absences.

**Research**

- Develop a research program including external funding.
- Conduct research and publish in scholarly journals.
- Develop a program of applied and contract research in the area of Dietetics and Nutrition.
- Work with colleagues and postgraduate students in the development of joint research projects.

**Service and Engagement**
- Contribute to the processes that enable the academic team to manage the work of the School, including participate in School decision-making and serve on School committees.
- Foster the School’s relations with industry, government departments, professional bodies and the wider community.
- Perform a range of administrative functions in the School.
- Any other duties as reasonably directed by your supervisor.

**Other**
Ensure you are aware of and comply with legislation and University policy relevant to the duties undertaken, including but not exclusive to:
- The *University’s Code of Conduct*.
- Requirements of the Queensland occupational health and safety (OH&S) legislation and related [OH&S responsibilities and procedures](#) developed by the University or Institute/School.
- The adoption of sustainable practices in all work activities and compliance with associated legislation and related University [sustainability responsibilities and procedures](#).
- Requirements of the *Education Services for Overseas Students Act 2000*, the National Code 2007 and associated legislation, and related [responsibilities and procedures](#) developed by the University.

**Organisational Relationships**
The position reports to the Head of School.

**SELECTION CRITERIA**

**Essential**
- PhD in the area of Nutrition and Dietetics.
- Recognition as an Accredited Practicing Dietitian by Dietitians Association of Australia.
- Demonstrated expert knowledge in the area of paediatric nutrition, medical nutrition therapy, and sports nutrition.
- Demonstrated experience with teaching and advising postgraduate research students.
- Demonstrated experience in course coordination and curriculum design.
- An ability to establish effective relationships and to represent and promote academic discipline at a university and wider community level, including industry, government and professional bodies.
- Evidence of a contribution to research, including successful external grant applications as chief investigator.
- Evidence of national recognition in the field and publications in high quality outlets.
- Ability to work collaboratively with colleagues.
- A current blue card for working with children.
- Current first aid certification.

**Desirable**
- Formal qualifications in exercise and sports nutrition.
- Developed industry liaisons and professional contacts.
Vaccinations and Immunisation

It is a condition of employment for this role that if you are required now or in the future, to work or interact in Queensland Health clinical facility; or in an equivalent clinical health facility; or health care role; or will be required to perform work tasks that put you at risk of exposure to vaccine-preventable disease you are required to be immunised against, and remain immunised against, certain vaccine preventable diseases (VPDs) in accordance with the University’s Vaccinations and Immunisation Guidelines (PPL 2.60.08). The employee is required to provide evidence of immunisation against VPDs.

Qualification Verification

An appointment to this position is subject to the verification of the highest academic qualification from the conferring institution.

The University of Queensland values diversity and inclusion and actively encourages applications from those who bring diversity to the University. Please refer to the University’s Diversity and Inclusion webpage (http://www.uq.edu.au/equity) for further information and points of contact if you require additional support.

This role is a full-time position; however flexible working arrangements may be negotiated.

Accessibility requirements and/or adjustments can be directed to habs-hr-advisory@uq.edu.au
