POSITION DESCRIPTION

Position Title: PA2 Project Officer
Organisation Unit: Faculty of Science
Position Number: New
Type of Employment: 3 positions - Fixed Term until July 2020
Classification: Hew Level 6

THE UNIVERSITY OF QUEENSLAND

The University of Queensland (UQ) contributes positively to society by engaging in the creation, preservation, transfer and application of knowledge. UQ helps shape the future by bringing together and developing leaders in their fields to inspire the next generation and to advance ideas that benefit the world. UQ strives for the personal and professional success of its students, staff and alumni. For more than a century, we have educated and worked with outstanding people to deliver knowledge leadership for a better world.

UQ ranks in the world’s top universities, as measured by several key independent ranking, including the CWTS Leiden Ranking (32), the Performance Ranking of Scientific Papers for World Universities (43), the US News Best Global Universities Rankings (42), QS World University Rankings (48), Academic Ranking of World Universities (55), and the Times Higher Education World University Rankings (69). Excluding the award component, UQ is now ranked 45th in the world in the ARWU, and is one of the only two Australian universities to be included in the global top 50.

UQ has an outstanding reputation for the quality of its teachers, its educational programs and employment outcomes for its students. Our students remain at the heart of what we do. The UQ experience – the UQ Advantage – is distinguished by a research enriched curriculum, international collaborations, industry engagement and opportunities that nurture and develop future leaders. UQ has a strong focus on teaching excellence, winning more national teaching excellence awards than any other in the country and attracting the majority of Queensland’s highest academic achievers, as well as top interstate and overseas students.

UQ is one of Australia’s Group of Eight, a charter member of edX and a founding member of Universitas 21, an international consortium of leading research-intensive universities.

Our 52,000-plus strong student community includes more than 16,400 postgraduate scholars and more than 15,400 international students from 135 countries, adding to its proud 250,000-plus alumni. The University has more than 6,600 academic and professional staff (full-time equivalent) and a $1.75 billion annual operating budget. Its major campuses are at St Lucia, Gatton and Herston, in addition to teaching and research sites around Queensland and Brisbane city. The University has six Faculties and four University-level Institutes. The Institutes, funded by government and industry grants, philanthropy and commercialisation activities, have built scale and focus in research areas in neuroscience, biomolecular and biomedical sciences, sustainable minerals, bioengineering and nanotechnology, as well as social science research.
UQ has an outstanding track-record in commercialisation of our innovation with major technologies employed across the globe and integral to gross product sales of $11 billion+ (see http://uniquest.com.au/our-track-record).

UQ has a rapidly growing record of attracting philanthropic support for its activities and this will be a strategic focus going forward.

Organisational Environment

The Faculty of Science unites the disciplines of agriculture and animals, biomedical and biological sciences, chemistry, earth sciences, food sciences, geography, marine science, mathematics and physics, planning, the environment and veterinary science.

With strong links between the enabling and applied sciences, UQ is ranked among Australia’s top three research universities for the impact of its ground-breaking projects, addressing today’s global challenges of sustainable energy production, feeding a growing world population, maintaining health and well-being, and managing the impact of climate change on our environment. The units within the Faculty of Science are internationally recognised and their teaching and research successes create a stimulating environment within which the Faculty staff work.

The Faculty is managed by the Executive Dean, who has direct responsibility for the physical, financial and human resources, academic matters relating to programs and students, and a range of other areas such as the development of research, national and international marketing, and enhanced government, business and community links.

Information for Prospective Staff

Information about life at UQ including staff benefits, relocation and UQ campuses is available at - http://www.uq.edu.au/current-staff/working-at-uq

DUTY STATEMENT

Primary Purpose of Position

The primary purpose of this position is to support the implementation of the Program Architecture 2 (PA2) project for the Faculty of Science affecting Science programs, plans and courses. The position is based in the Faculty of Science Student and Academic Administration Team under the direction of the PA2 Project Manager.

Duties

Duties and responsibilities include, but are not limited to:

Project Administration:

- Provide timely and accurate information to professional and academic staff within the Faculty and Schools on program and course design, University policies and procedures framework, Faculty guidelines and relevant legislation to deliver the PA2 project deliverables;
- Assist academic and school based staff to co-ordinate implementation of the PA2 recommendations, including the restructure of program and course design in accordance with the PPL, and the program, plan and course viability dashboards;
- Preparation of documentation and updating of information in University databases, websites and publications of program, plan and course information;
• Provide secretariat support for meetings, committees and working parties as required;
• Prepare, analyse and interpret data and reports from information management systems;
• Identify and escalate risks and issues as appropriate;
• Any other duties as reasonably directed by the PA2 Project Manager and Manager, Student and Academic Administration.

**Location and Travel**

• The Faculty of Science is based at the St Lucia & Gatton campuses, some travel between campuses and other locations may be required.

**Other**

Ensure you are aware of and comply with legislation and University policy relevant to the duties undertaken, including but not exclusive to:

• the [University's Code of Conduct](#)

• requirements of the Queensland occupational health and safety (OH&S) legislation and related [OH&S responsibilities and procedures](#) developed by the University or Institute/School

• the adoption of sustainable practices in all work activities and compliance with associated legislation and related University [sustainability responsibilities and procedures](#)

• requirements of the Education Services for Overseas Students Act 2000, the National Code 2007 and associated legislation, and related [responsibilities and procedures](#) developed by the University

**Organisational Relationships**

The position reports to the PA2 Project Manager within the Faculty of Science.
SELECTION CRITERIA

- In-depth knowledge of University curriculum, including program and course design.
- An understanding of policies and key administrative processes relevant to student and academic administration.
- Knowledge of University student computer systems and packages e.g. Microsoft office, SI-net, and Reportal.
- Demonstrated ability to establish priorities and meet deadlines.
- High level of attention to detail and accuracy in written work.
- The ability to work collaboratively and effectively within the team and across other organisational units.
- An understanding of approval processes and documentation to achieve curriculum change is desirable.

The University of Queensland values diversity and inclusion and actively encourages applications from those who bring diversity to the University. Please refer to the University’s Diversity and Inclusion webpage (http://www.uq.edu.au/equity) for further information and points of contact if you require additional support.

This role is a full-time position; however flexible working arrangements may be negotiated.
