POSITION DESCRIPTION

Position Title: Coordinator, Accreditation and Quality
Organisation Unit: Business Improvement, Faculty of Medicine
Position Number: New
Type of Employment: Full-time, Continuing Appointment
Classification: Hew Level 7

THE UNIVERSITY OF QUEENSLAND

The University of Queensland (UQ) contributes positively to society by engaging in the creation, preservation, transfer and application of knowledge. UQ helps shape the future by bringing together and developing leaders in their fields to inspire the next generation and to advance ideas that benefit the world. UQ strives for the personal and professional success of its students, staff and alumni. For more than a century, we have educated and worked with outstanding people to deliver knowledge leadership for a better world.

UQ ranks in the world’s top universities, as measured by several key independent ranking, including the Performance Ranking of Scientific Papers for World Universities (43), the US News Best Global Universities Rankings (52), QS World University Rankings (47), Academic Ranking of World Universities (55), and the Times Higher Education World University Rankings (65). UQ again topped the nation in the prestigious Nature Index and our Life Sciences subject field ranking in the Academic Ranking of World Universities was the highest in Australia at 20.

UQ has an outstanding reputation for the quality of its teachers, its educational programs and employment outcomes for its students. Our students remain at the heart of what we do. The UQ experience – the UQ Advantage – is distinguished by a research enriched curriculum, international collaborations, industry engagement and opportunities that nurture and develop future leaders. UQ has a strong focus on teaching excellence, winning more national teaching excellence awards than any other in the country and attracting the majority of Queensland’s highest academic achievers, as well as top interstate and overseas students.

UQ is one of Australia’s Group of Eight, a charter member of edX and a founding member of Universitas 21, an international consortium of leading research-intensive universities.

Our 50,000-plus strong student community includes more than 13,000 postgraduate scholars and more than 12,000 international students from 144 countries, adding to its proud 240,000-plus alumni. The University has about 7,000 academic and professional staff and a $1.8 billion annual operating budget. Its major campuses are at St Lucia, Gatton and Herston, in addition to teaching and research sites around Queensland and Brisbane city. The University has six Faculties and four University-level Institutes. The Institutes, funded by government and industry grants, philanthropy and commercialisation activities, have built scale and focus in research areas in neuroscience, biomolecular and biomedical sciences, sustainable minerals, bioengineering and nanotechnology, as well as social science research.
UQ has an outstanding track-record in commercialisation of our innovation with major technologies employed across the globe and integral to gross product sales of $11billion+ (see http://uniquest.com.au/our-track-record).

UQ has a rapidly growing record of attracting philanthropic support for its activities and this will be a strategic focus going forward.

Faculty of Medicine

The University of Queensland’s Faculty of Medicine is an internationally recognised provider of world-class education and research. The research-intensive Faculty has a gross budget of almost $300 million, employs approximately 1000 continuing and fixed-term staff (headcount), has a community of more than 4000 non-salaried academic appointees and around 3200 students (headcount).

The Faculty of Medicine offers Australia’s largest medical degree program for graduates and school-leavers. Undergraduate and postgraduate programs are available in the disciplines of Medicine, Health Sciences, E-Health, Mental Health, Biomedical Sciences and Public Health.

The Faculty possesses enormous strengths spanning research, teaching, industry engagement and clinical practice in disciplines ranging from the basic sciences, biomedical research and development, to clinical trials and public health. Research projects within the Faculty have already led to discoveries with far-reaching social and economic impacts, including the revolutionary Gardasil (TM) vaccine for cervical cancer (Professor Ian Frazer) and a drug discovery EMA401 (Professor Maree Smith), a first-in-class oral treatment for chronic pain which through Spinafax Pharmaceuticals led to Australia’s largest biotechnology commercialisation deal. Faculty staff include three highly cited authors, one Fellow of the Royal Society (FRS), three Fellows of the Australian Academy of Science (FAA) and 12 Fellows of the Academy of Health and Medical Sciences (AAHMS). The Faculty is a core member of Brisbane Diamantina Health Partners, the Brisbane-wide academic health science system.

Educational offerings in biomedical sciences, medicine and public health are informed and supported by research activity across a range of fundamental and clinical areas of importance including recognised strengths in cancer, skin diseases, brain and mental health, maternal and child health and genomics. Cutting-edge facilities such as the Herston Imaging Research Facility (HIRF), the UQ Centre for Clinical Research (UQCCR), our laboratories in the Translational Research Institute (TRI) and the new Centre for Children’s Health Research (CCHR) enable outstanding research outcomes and sharpen our understanding of cancer, autoimmunity, mental disorders, infectious diseases and neurological disease. Further details are available at www.medicine.uq.edu.au.

Information for Prospective Staff

Information about life at UQ including staff benefits, relocation and UQ campuses is available at - http://www.uq.edu.au/current-staff/working-at-uq
DUTY STATEMENT

Primary Purpose of Position

This position is primarily responsible for providing accreditation coordination and providing a support function in overseeing the quality assurance processes for Faculty Programs. Duties include research and data analysis to underpin the production of executive level documentation, such as proposals, submissions and reports, across the remit of the role. The position is required to undertake related stakeholder engagement activities, both within the University and externally.

Duties

Duties and responsibilities include, but are not limited to:

Program accreditation
- Coordinate coursework program accreditation or recognition applications, ongoing reporting and related site visit/event management requirements for the Faculty, in close consultation with relevant senior staff, including overseas accrediting/recognition entities;
- Provide information and advice to senior staff concerning program accreditation progress and related issues;
- Act as the Faculty of Medicine’s primary professional staff contact for relevant accreditation bodies.

Engagement and external relations
- Establish positive and effective working relationships with staff across the Faculty to facilitate co-operative developments pertaining to coursework program accreditation and quality management for Faculty programs;
- Attend/lead meetings and/or engage with internal UQ or external entities or representatives to effectively fulfil the roles’ responsibilities.

Faculty Program reporting and quality management
- Implementation and ongoing management of a portfolio of quality management for Faculty programs, incorporating all necessary regulatory and University compliance requirements;
- Coordinate responses to accrediting bodies requirements including annual student data collections and operational benchmarking submissions;
- Independently research and produce a range of executive level documents and communications for Faculty program quality improvement and assurance, including gathering and analysing data from both internal and external sources and entities

Other responsibilities
- Staff management as required
- Any other duties as reasonably directed by the Senior Manager, Business Improvement Unit.
**Other**

Ensure you are aware of and comply with legislation and University policy relevant to the duties undertaken, including but not exclusive to:

- the [University’s Code of Conduct](#)
- requirements of the Queensland occupational health and safety (OH&S) legislation and related [OH&S responsibilities and procedures](#) developed by the University or Institute/School
- the adoption of sustainable practices in all work activities and compliance with associated legislation and related University [sustainability responsibilities and procedures](#)
- requirements of the Education Services for Overseas Students Act 2000, the National Code 2007 and associated legislation, and related [responsibilities and procedures](#) developed by the University

**Organisational Relationships**

The position reports to the Senior Manager, Business Improvement Unit and provides support to the Medical Dean and Associate Dean (Academic).

**SELECTION CRITERIA**

**Essential**

- Completion of a degree with at least four years’ relevant experience; or extensive experience and management experience; or an equivalent combination of relevant experience and/or education/training;
- Experience in quality and accreditation processes, including related report development and site visit management;
- Ability to interpret complex quality and accreditation body requirements, and adapt them to a UQ context;
- Demonstrated research, analytical and problem solving skills and extensive experience in drafting customised reports for senior management, with appropriate attention to detail and consistency;
- Demonstrated skills and experience in using applications and business intelligence systems (i.e. advanced Word & Excel, Adobe Professional, Business Objects, visualisation packages) to provide sophisticated reporting solutions and data analysis;
- Excellent time management and organisation skills, including an ability to determine priorities, work under pressure and meet deadlines;
- Strong interpersonal skills, with the ability to communicate with diverse groups, both within the University and the broader community and establish internal and external working relationships;
- High-level project management skills with demonstrated experience in managing complex projects, with multiple stakeholders involved, to deliver successful outcomes.

**Desirable**

- Experience working within the University of Queensland and/or demonstrated understanding of the higher education context.
The University of Queensland values diversity and inclusion and actively encourages applications from those who bring diversity to the University. Please refer to the University’s Diversity and Inclusion webpage (http://www.uq.edu.au/equity) for further information and points of contact if you require additional support.

This role is a full-time position; however flexible working arrangements may be negotiated.

Accessibility requirements and/or adjustments can be directed to the contact person listed in the job advertisement.
