POSITION PURPOSE

To co-convene the Laboratory Experience and Training Units, MEDI 208 and MEDI 307, within the Bachelor of Clinical Science.

RESPONSIBILITIES

- Support the Unit Convenor with the preparation of the Unit outline including learning outcomes, assessment, references, etc.
- Support the Unit Convenor with the preparation of lecture and tutorial materials.
- Deliver lectures, tutorials and run two practical sessions.
- Upload and maintain teaching materials on iLearn.
- Support the Unit Convenor with assessments including rubric development.
- Co-teach the content for the unit.
- Moderate online discussions and activities.
- Be responsible for lecture and tutorial classes to engage students in the learning process.
- Mark assessments undertaken by students and provide constructive feedback (examples of assessment tasks for marking include: multiple choice tests, group tutorial projects, essays, presentations, etc.).
- Provide student consultation.
- Participate in the ongoing development and review of the unit.
- Participate in Faculty, Department and/or unit based meetings, induction and/or training.
- Attend to administration matters pertaining to the Unit, as required.

SELECTION CRITERIA

Essential

- Tertiary qualifications in a relevant discipline.
- Practical laboratory experience in basic biochemistry techniques
- Sound understanding of relevant unit subject content as demonstrated by teaching and/or research achievement in basic clinical examination skills, clinical communication and interaction analysis.
- Demonstrated teaching experience at a tertiary level or comparable industry experience e.g. delivering training, seminars, workshops and/or facilitation of staff/student development.
- Ability to use new technologies in the design and delivery of educational programs, and an openness to innovative curriculum design and development.
- Ability to work independently and collaboratively with others.
ACADEMIC ROLE DESCRIPTION

- Demonstrated strong interpersonal skills and the ability to communicate effectively with students.

Desirable:
- Completion of FILT or other equivalent teaching qualification.
- Ability to articulate a teaching philosophy
