

University Student

Position Description

Directorate	Operations	Department	Operations
Reports To	Civil Services Engineering Coordinator	Direct Reports	No
Queensland Local Government Industry Award - State 2017 - Stream	Stream A - Division 2, Section 1 - Administrative, clerical, technical, professional, community service, supervisory and managerial services	Moreton Bay Regional Council Certified Agreement 2022 EBA5 Wage Level	Schedule 1, Level 1

Position Purpose

This position will provide an opportunity to work within Council's Civil Services Engineering team to gain practical experience relevant to university studies. This role will include assistance in practical real world engineering projects relevant to the work areas and academic studies, that contribute to community and organisational outcomes and personal professional development.

Key Responsibilities and Outcomes

As a University Student and member of the Civil Services Engineering team you will:

- Observe and support the team in engineering research and projects management to gain an understanding of professional practices and decision-making processes.
- Apply academic theories and concepts to real-world projects and initiatives, providing insights gained through university studies to enhance Council's procedures and service delivery.
- Assist in the preparation and organisation of documentation including, stakeholder correspondence, briefing and presentation materials and reports.
- Display professionalism in all interactions with stakeholders, building positive relationships and maintaining confidentiality.
- Contribute to a positive team environment enabling a high performance, culture, focussed on continuous improvement, learning, and delivering positive community outcomes.
- Work under close direction and undertake activities of a support nature which require practical application of basic skills and routines.

Our Values

Our values shape the way we behave, how we interact with each other and our customers. They underpin our decision making and are our guiding principles for how we work every day. As a *Team Member* you will take individual accountability for demonstrating the values expectations and behaviours.

Knowledge & Experience

- Developing theoretical knowledge of Civil Engineering discipline practice.
- Experience providing support and assistance, including the preparation of high-quality correspondence and documentation.
- Proficient computing skills.
- Well-developed interpersonal and communication skills (both oral and written) to enable effective communication with Council's stakeholders and team members.
- Demonstrated strong research skills to drive independent gathering, interpretation and application of information.
- Ability to work both independently and as part of a team, including planning and prioritisation of work.

Qualifications

- Currently enrolled in a Civil Engineering Degree
- Current "C" Class Driver's Licence.
- Construction Induction Card competency that has been used or obtained within the past 2 years or ability to obtain.

Note: This position description reflects a summary of the key accountabilities of the position, it is not intended to be an all-inclusive list of duties, steps and tasks. Leaders may direct team members to perform other duties at their discretion.
