OVERVIEW

The UNSW Canberra – Recruitment Research Proposal is an online application form for potential grant funding as part of the recruitment process. This research proposal form is required to be completed by all applicants applying for externally advertised academic roles at Levels B, C and D. Subject to the conditions outlined in the Recruitment Research Proposal Grant guidelines, applicants deemed successful in both the recruitment process and research proposal may be eligible to be awarded a research start up grant. Level B applicants may be awarded $30,000 and Level C and D applicants may be awarded $50,000.

This recruitment research proposal forms the main application documentation for the recruitment process and is an opportunity for candidates to outline their planned research and how this research will contribute to advancing the profile of the respective school which they are applying to.

Eligibility conditions and assessment guidelines are outlined in the Recruitment Research Proposal Grant Guidelines.

PART A – ADMINISTRATIVE SUMMARY

A1 APPLICANT SUMMARY

<table>
<thead>
<tr>
<th>Family Name</th>
<th>Given name</th>
<th>School</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

A2 PROJECT TITLE

Provide a short descriptive title of no more than 20 words.

A3 PROJECT AIMS

In no more than 100 words of plain language outline the aims of the research program.
PART B – PROJECT DESCRIPTION

In no more than three pages (maximum of 1000 words) outline the research problem, the potential project partners and the expected impact of the research, including how it aligns with the strategic direction of the school to which you are applying. Outline a research work plan for the first 18 months of the research project. (Activities supported by a research start up grant may include e.g. visits to archives, potential collaborators and funding sources, and domestic and international conference travel.) Detail how the proposed research project builds on the previous research undertaken in your academic career to date. UNSW Canberra expects research start up funding will enable new staff to increase their competitiveness for external research funding. Please explain how the research plan will position you to successfully apply for funding opportunities from external funding bodies and your plans to apply.
