POSITION DESCRIPTION

Post-doctoral Fellow

Position Level
A

Faculty/Division
Medicine & Health

Position Number
00096752

Original document creation
02/09/2021

Position Summary
A Post-Doctoral Fellow (Level A) is expected to contribute towards the research effort of UNSW and to develop their research expertise through the pursuit of defined projects relevant to their particular field of research. This role will be responsible for executing and coordinating research within Professor Hudson’s clinical research team focused on child anxiety and depression. The funding is to commence the development and evaluation of a new online assessment and triaging for children as well as the development and evaluation of a new online program to deliver exposure-based treatments for children and their families.

The role of Post-Doctoral Fellow reports to the Professor and has 1 direct report.

Accountabilities
Specific accountabilities for this role include:

• Contribute independently or as a team member in collaborative research with a focus to enhance the quality of research outcomes in the discipline area.

• Conduct research (as per the norms of the discipline) and/or enable research teams to create scholarly output that is recognised by peers.

• Undertake specific research project/s under the guidance of a research leader and contribute to development of research activities.
- Support the dissemination of research outcomes through appropriate channels and outlets.
- Undertake discipline-appropriate research activities, e.g. surveys, literature reviews, data gathering and/or recording of results using appropriate research methods.
- Participate in and/or present at conferences and/or workshops relevant to the project as required.
- Assist with the supervision of research students in the research area where required.
- Align with and actively demonstrate the UNSW Values in Action: Our Behaviours and the UNSW Code of Conduct.
- Cooperate with all health and safety policies and procedures of the university and take all reasonable care to ensure that your actions or omissions do not impact on the health and safety of yourself or others.

Skills and Experience
- A PhD in a related discipline, and/or relevant work experience.
- Proven commitment to proactively keeping up to date with discipline knowledge and developments.
- Demonstrated ability to undertake high quality academic research and conduct independent research with limited supervision.
- Demonstrated track record of publications and conference presentations relative to opportunity.
- Demonstrated ability to work in a team, collaborate across disciplines and build effective relationships.
- Evidence of highly developed interpersonal skills.
- Demonstrated ability to communicate and interact with a diverse range of stakeholders and students.
- An understanding of and commitment to UNSW’s aims, objectives and values in action, together with relevant policies and guidelines.
- Knowledge of health and safety responsibilities and commitment to attending relevant health and safety training.

Pre-employment checks required for this position
- Verification of qualifications
- Working with Children Check

About this document
