Position Summary

UNSW's Education Focussed roles (EF) enable academics to specialise in education and devote their time to delivering high-quality teaching and pursuing initiatives to enhance the educational experience of our students. Those who are appointed to this prestigious specialism will be expected to successfully drive educational excellence within the university's teaching and learning communities.

The role of Lecturer reports to the Head of Physiology and has no direct reports.

Accountabilities

Specific accountabilities for this role include:

- Demonstrate and continuously develop a well-defined teaching philosophy that inspires student learning;
- Conduct classes, assess student learning achievements and support students in postgraduate and undergraduate courses in line with UNSW policy;
- Design and develop learning activities and resources, and assessment and feedback using a range of suitable approaches and learning environments

- Initiate the development of evidence based or Scholarship of Teaching of Learning (SoTL) informed approaches to teaching and learning with the support of more senior academics;
- Support learning progression with students as individuals (through such activities as one-to-one consultation) and as a cohort (through general course related advice) to achieve positive learning and employability outcomes for students;
- Manage course administration as Course Authority, including academic quality assurance;
- Maintain professional development in pedagogy, disciplinary knowledge and minimum professional accreditation requirements (where relevant)
- Make a positive contribution to School meetings and seminars and be a member of School/Faculty committees as required;
- Cooperate with all health and safety policies and procedures of the university and take all reasonable care to ensure that your actions or omissions do not impact on the health and safety of yourself or others
- Align with and actively demonstrate the [Code of Conduct and Values](#)
- Cooperate with all health & safety policies and procedures of the university and take all reasonable care to ensure that your actions or omissions do not impact on the psychosocial or physical health and safety of yourself or others.

Skills and Experience

- A PhD in a related discipline, and/or relevant work experience;
- Demonstrated experience in effective biomedical teaching including, development, delivery, and course convening, at an undergraduate and/or postgraduate level.
- Demonstrated experience in developing and delivering teaching activities of that provide industry or work-integrated learning experiences.
- Evidence of highly developed interpersonal and organisational skills
- Evidence of ability to support and inspire students from diverse backgrounds and support student equity, diversity and inclusion initiatives
- An understanding of and commitment to UNSW's aims, objectives and values in action, together with relevant policies and guidelines
- Knowledge of health & safety (psychosocial and physical) responsibilities and commitment to attending relevant health and safety training.

Pre-Employment checks required for this Position

- Verification of qualifications
