The Opportunity

We are seeking to appoint a Digital Communication Officer – University Student Communications. The University Student Communications team is the primary producer, publisher and coordinator of all digital 'one-to-many' communications and information for continuing students on behalf of the institution.

About the University of Tasmania

In 1890, our university was founded with an important purpose: providing our island with the academic excellence to thrive. Today, we continue to make our home a better place. And working together, we do extraordinary things that have global outcomes.

From early on, our role has been to help people flourish and thrive. Isolation and a small population require us to work harder. The stories of our island are told by those needing to solve unique problems in unique ways. Here, success takes a quiet determination and adaptability. In turn, this makes us broader, more rounded, multi-skilled thinkers and creative problem solvers, and it sees our institution generate powerful ideas for and from Tasmania.

Because of our unique setting and challenges we go beyond creating places of learning. We strive to stimulate economic growth, lift literacy, improve health outcomes for Tasmania and nurture our environment as it nurtures us.

We welcome enquiring minds, from near and far, to join us in our pursuit of the extraordinary.
