Faculty of Science – Organisational Environment

The [Faculty of Science](#) has more than 9000 students and over 500 staff dedicated to advancing scientific knowledge. It delivers flexible and innovative teaching programs designed to produce job-ready graduates for a diverse range of professions. As a leader in strategic and applied research the Faculty aims to enhance and extend scientific knowledge, train and educate future researchers as well as provide scientific solutions to current regional, national and global challenges. The staff and students of the Faculty achieve their educational and research goals through ethical practice, professional collaboration, industry involvement and a commitment to continual improvement.

The [School of Dentistry and Health Sciences](#) is a multi-campus, academic unit. The School offers a suite of undergraduate and postgraduate courses both onshore and offshore in a range of health disciplines including: Dentistry, Oral Health Therapy, Medical Radiation Science and Physics. The School is committed to enhancing its reputation as a high performing multidisciplinary school and seeks academics focused on providing quality education and being actively involved in a variety of development of health professional education and health based research programs that complement these courses.

Staff are focused on innovative and high quality education, using vibrant new learning spaces to encourage collaboration and support new methods of teaching and learning.

Through patient care, research and community service, our students and staff will also play a major role in helping to improve the oral and systemic health of people in regional/remote New South Wales, and across the nation and the world.
