Deakin

Deakin is a Victorian university with a global impact. We are agile and innovative, and committed to making a positive impact through our excellence in education and research and the contributions we make to the wider community.

Our reputation has been built on the dedication and expertise of our staff. We offer a dynamic, diverse and inclusive working environment with opportunities to grow and develop careers. We believe that a progressive, thriving culture will ensure people choose to come, and stay at Deakin and contribute to our ongoing success.

As one of Australia's largest universities, Deakin has strong global linkages, world-class research and an education portfolio that blends the best of campus and digital delivery into a highly supportive and personalised student experience.

We offer outstanding education founded on the experience we create for our learners and guided by graduate outcomes for successful lives and careers. We undertake globally significant discovery research that benefits our communities through the innovative translation of our ideas into new services, products, policies and capabilities.

Deakin campuses sit on Wadawurrung, Wurundjeri, and Eastern Maar Countries, and the University acknowledges, values and deeply respects its connection with the Traditional Custodians and Elders past and present of these lands and waterways. Deakin is the most popular university destination in Victoria for Aboriginal and Torres Strait Islander students and has a rich history of supporting the ambitions of First Nations students, including through the NIKERI Institute (formerly the Institute of Koorie Education).

Deakin aspires to be Australia's most progressive university, with the principles of diversity, equity and inclusion underpinning our approach to education, research, employability, digital delivery, innovation, and partnerships for impact. Our vision is for an inclusive environment where we value and celebrate diversity, embrace difference and nurture a connected, safe and respectful community. We want Deakin to be a place where all staff and students feel included and respected for their unique perspectives and talents.

Overview

The Faculty of Health is dedicated to being at the forefront of teaching, learning, professional training, creating and social development and fostering cutting-edge research and discovery. The School of Psychology places high emphasis on research that makes a difference and is solution-led. We work closely with industry partners and the government to put findings into practice.

The Lecturer will have responsibility for coordinating placements in the Deakin School of Psychology Clinical Programs. Working with the Director of Clinical Programs and Partnerships and the course leadership group for professional psychology programs, the focus of this role will be to ensure trainees obtain high quality placements that are consistent with the requirements of the program. The appointee will also contribute to teaching, service and research in the professional psychology programs. The appointee will promote the School and maintain links and partnerships with relevant academic, industry and professional communities.

The incumbent may be required to provide supervision to postgraduate professional students on placement, if needed. They will coordinate and participate in other teaching and learning activities necessary to prepare and to support students to achieve success on placement and forming part of Clinical Placement Unit requirements. In addition, they will be required to contribute to relevant teaching in the professional psychology programs and support research at a level consistent with the time fraction of the appointment.

The incumbent will:

- Work with the Director of Clinical Programs and Partnerships and Course Directors within the Professional Psychology Programs, to develop and maintain relationships with agencies for the purpose of securing and providing high quality professional placement opportunities for Postgraduate Professional Psychology students.
- Participate in developing and nurturing links and partnerships with industry, professional bodies and the wider community.
- Develop and administer professional development programs for field supervisors to facilitate the growth of the number of placement supervisors in the region who meet the criteria for Registered Supervisor endorsed status as required by the Psychology Board of Australia
- Develop flexible-delivery course materials relating to placement requirements of the course, including online materials.
- Contribute to the development of systems for assessment of placements, including evaluating supervisee competency.
- Oversee and fulfill recording of placement data, including completion of internal and external records.
- Teach in the area of professional psychology at the undergraduate and postgraduate level that is consistent with the University's principles of teaching, learning and the student experience. Contribute to the review of units and courses and implement refinements.

Accountabilities

Education and Employability

- Lead unit teaching teams and work collaboratively with other unit teaching teams in the course to develop effective unit curricula and learning resources (including through unit leadership roles). Contribute to the review of units and courses and implement refinements.

Lecturer in Psychology, Clinical Placement (Education-focused)

- Assist in applying industry, clinical and/or research practice into student learning experiences, success, engagement and resources.
- Develop effective assessment tasks and rubrics at unit level. Provide clear assessment criteria and timely feedback to learners to demonstrate learning outcomes. Monitor and adapt assessment practices to improve learning outcomes.
- Provide academic support to students within units and guide students to appropriate support services where appropriate.
- Contribute effectively to a culture of educational excellence and engage collaboratively with peers. Build teaching and learning capability related to discipline or pedagogy and effective unit teaching teams and support the professional development of junior colleagues.
- Assist in integrating new pedagogical research across all aspects of education. Advance knowledge within their specific fields/areas of teaching, scholarship and pedagogical research activity.
- Contribute to discipline-based educational or pedagogy research projects and demonstrate an emerging reputation in teaching scholarship and pedagogical research.
- Complete the Graduate Certificate in Higher Education Learning and Teaching.

Research and Innovation

- Demonstrate emerging reputation in the scholarship of teaching and educational development through independent contribution to pedagogical research activity and publication in learning and teaching, including testing the effectiveness of innovations designed to improve student and graduate outcomes including graduate employment.
- Assist in integrating new pedagogical research across all aspects of education.
- Advance knowledge within their specific fields/areas of teaching scholarship and pedagogical research activity.
- Demonstrate evidence of a developing profile in the scholarship of teaching and educational development, high levels of discipline-related expertise and pedagogical knowledge and/or evidence of contribution to discipline-based research.
- Complete professional development programs in Higher Education Learning and Teaching.

University Citizenship and Engagement

- Assist the implementation of local citizenship activities and contribute to effectiveness as influencer.
- Contribute to the implementation of specific aspects of University's strategic agenda.
- Contribute to the implementation of University's community engagement agenda.
- Academics with an industry or clinical background will assume an increasingly important role in professional activities and contribute to innovation in education within the relevant profession.

Selection
