

Role Description

Position Title Team Leader Development Services - Engineering

Position Number

Purpose of Role

To lead a multi-disciplinary team of professional engineers and technical staff in the delivery of development engineering advice and assessment within the Moreton Bay Regional Council area.

Specific Responsibilities

Provide leadership, motivation, mentorship and guidance to the development engineering team to achieve required outcomes, within required timeframes and in a professional manner.

Provide accurate and timely information and expert advice to assist in managing development engineering matters effectively, efficiently and in accordance with relevant legislation and Council procedures, policies and directives.

Drive a continuous improvement, performance and customer focussed culture within the team.

Actively manage programming of team responsibilities to achieve performance outcomes and contribute to the strategic direction and vision of the division.

Act as a Council delegate on a variety of development applications, providing professional advice to key stakeholders.

Provide clear, accurate decision making in the assessment of more complex applications and development engineering matters.

Work Experiences and Skills – essential

Demonstrated relevant experience in a similar role or a role requiring a similar skill set.

Expert knowledge of engineering and built infrastructure development issues, standards and legislation combined with skills in innovation, commerciality, and the ability to deliver on our commitment of continual improvement.

Strong interpersonal and communication skills with an ability to negotiate sustainable outcomes and lead and develop a team.

Management and leadership skills and ability to coach, motivate and influence at all levels of the organisation, contributing to a positive work environment with a strong focus on provision of quality customer service.

Academic, Trade Qualifications and other Licences – essential

Degree qualification in Engineering recognised by Engineers Australia.

Current C class driver's licence.

Recordkeeping

In accordance with Council's recordkeeping guideline, ensure that full and accurate records are made of all business transactions conducted on behalf of Council and that these records are appropriately kept and stored in the appropriate corporate information management systems.

Health, Safety and Environment

Ensure your safety and that of your work colleagues at work whilst complying with Council's workplace health and safety policies, procedures and practices. At no time are you to perform work duties in an unsafe manner. You must always ensure all risks associated with your work tasks are identified and control actions are implemented before work commences.
