Primary Purpose:

Provide quality specialist and subspecialty medical services to cancer services within the limits of specified clinical privileges.

Duties:

1. Provide specialist diagnosis, treatment and care for public hospital inpatients and outpatients in the subspecialty of radiation oncology. Has prime medico-legal responsibility for care provided to allocated patients.
2. Arrange onward referral of patients for medical services not available locally.
3. Participate in an out-of-hours on-call roster with other specialists as required.
4. Liaise with specialist colleagues as necessary for the care of hospital patients.
5. Provide a consultative service to other specialist units.
6. Supervise and teach junior medical staff and medical students attached to the clinical unit.
7. Participate in the undergraduate and post graduate teaching programs of the hospital.
8. Ensure that clinical records maintained on patients of the unit are timely, accurate and comprehensive.
9. Provide subspecialty medical support and coordination of inpatient and outpatient services.
10. Render subspecialty medical services to Northern Cancer Service.
11. Ensure good communication regarding patient care with referring units and community practitioners.
12. Participate in such hospital committees and administrative matters as required by the Chief Executive Hospitals North/North West or the Director Northern Cancer Service.
13. Participate in continuous quality improvement activities as approved by the Director, Northern Cancer Service.
14. Participate in clinical research approved by the hospital research committee.
15. Observe all hospital by-laws and statutory regulations.
16. Actively participate in and contribute to the organisation's Quality & Safety and Work Health & Safety processes, including in the development and implementation of safety systems, improvement initiatives and related training.
17. The incumbent can expect to be allocated duties, not specifically mentioned in this document, that are within the capacity, qualifications and experience normally expected from persons occupying positions at this classification level.

Key Accountabilities and Responsibilities:

- Responsible to the Director, Northern Cancer Service for the provision of specialist medical services to public hospital patients.
- Responsible for junior medical staff and medical students attached to the clinical unit.

- Works unsupervised but liaises closely with professional colleagues and the Director, Northern Cancer Service.
- Where applicable, exercise delegations in accordance with a range of Acts, Regulations, Awards, administrative authorities and functional arrangements as mandated by Statutory office holders including the Secretary and Head of State Service. The relevant Unit Manager can provide details to the occupant of delegations applicable to this position.
- Comply at all times with policy and protocol requirements, including those relating to mandatory education, training and assessment.

Pre-employment Conditions:

It is the Employee's responsibility to notify an Employer of any new criminal convictions during the course of their employment with the Department.

The Head of the State Service has determined that the person nominated for this job is to satisfy a pre-employment check before taking up the appointment, on promotion or transfer. The following checks are to be conducted:

1. Conviction checks in the following areas:
 - a. crimes of violence
 - b. sex related offences
 - c. serious drug offences
 - d. crimes involving dishonesty
2. Identification check
3. Disciplinary action in previous employment check.

Selection Criteria:

1. Sound knowledge and experience with current specialty practice in Radiation Oncology.
2. Demonstrated ability to provide specialty services as defined by allocated clinical privileges.
3. Recent experience in an acute hospital setting.
4. Demonstrated ability to work with a multidisciplinary team of medical, nursing and allied health staff.
5. Demonstrated effective communication skills in dealing with patients, their relatives and carers, and professional colleagues.
6. Knowledge of continuous quality improvement activities related to practice within the clinical discipline.
7. Evidence of ongoing participation and commitment to continuing medical education.

Working Environment:

The Department of Health is committed to improving the health and wellbeing of patients, clients and the Tasmanian community through a sustainable, high quality and safe health system. We value leading with purpose, being creative and innovative, acting with integrity, being accountable and being collegial.

The Department seeks to provide an environment that supports safe work practices, diversity and respect, including with employment opportunities and ongoing learning and development. We value the diverse backgrounds, skills and contributions of all employees and treat each other and members of the community with respect. We do not tolerate discrimination, harassment or bullying in the workplace. All employees must uphold the *State Service Principles* and *Code of Conduct* which are found in the *State Service Act 2000*. The Department supports the [Consumer and Community Engagement Principles](#).
