### Building an inclusive, diverse and active humanitarian movement based on voluntary service

#### Role purpose

In this role you will help an elderly person overcome loneliness and improve their wellbeing through making social visits to their home on a regular basis.

#### Role responsibilities

- Visit the participant at least once per fortnight
- Undertake activities that are appropriate to the participant. This may include listening to music together, playing cards or board games, reminiscing or simply having a chat
- Report any incidents in relation to the participant's health, welfare or wellbeing, to Red Cross staff
- Maintain confidentiality of information obtained during a visit unless this information must be disclosed to Red Cross to assist the participant
- Maintain accurate records of visits to participant on allocated visit record sheets
- Notify Red Cross in advance if unable to make arranged visit to the participant

#### Knowledge, skills and experience

- Have a genuine interest in making a difference to the lives of elderly people from a broad range of culturally diverse participants
- Show empathy for the mature aged socially isolated clients
- At ease working independently and visiting people in their own homes
- Ability to communicate clearly and effectively

#### Check requirements

- A National Criminal History Check prior to commencement and renewed every three years (Red Cross will arrange this)
- Due to COVID19 there have been changes to the requirements with visiting in aged care homes. You will now be required to have an annual influenza vaccination as required by the federal government for people entering aged care facilities. If you are not able to have this, you will need to choose another area of volunteering as the vaccination is mandatory for going into an aged care home.
