## ROLE CONTEXT

### Primary Objective(s) of role:

The SAMI consultant interventional neuroradiologist is responsible to the site's Campus Clinical Head for delivering Medical Imaging services of the highest possible standard to SAMI patients both in terms of individual performance and by contributing to multi-disciplinary approach to the delivery of patient care, teaching, and research. The incumbent is required to work as part of a multi-disciplinary clinical and academic team.

Specifically, this position is primarily responsible for assisting in the provision of interventional neuroradiology services at RAH Radiology. If the incumbent is a radiologist, it is expected that the incumbent will also provide diagnostic and interventional radiology services outside of interventional neuroradiology when not providing interventional neuroradiology services. These may be restricted to particular areas and may be negotiated with Campus Clinical Head.

Responsibilities of the incumbent include:

- > Provision of professional leadership to clinical staff and supervision and teaching of radiology trainees, other staff and medical students.
- > Active support and participation in quality improvement and quality assurance activities to ensure safe, appropriate, effective and efficient patient-centred care processes.
- > Representing SAMI at campus meetings and liaising with clinicians regarding service provision (for example at hospital clinico-radiology / multidisciplinary team meetings and management team meetings). It is expected that the incumbent will take responsibility for at least one clinico-radiology / multidisciplinary meeting per week.
- > A duty to support and encourage team cooperation amongst staff to optimise the level and diagnostic accuracy of the service provided.

At the request of the Campus Clinical Head, the incumbent may provide input into planning and delivering Medical Imaging services (including interventional neuroradiology services) at a variety of SAMI locations.

## Organisational Context

### Organisational Overview:

Our mission at SA Health is to lead and deliver a comprehensive and sustainable health system that aims to ensure healthier, longer and better lives for all South Australians. We will achieve our objectives by strengthening primary health care, enhancing hospital care, reforming mental health care and improving the health of Aboriginal people.

SA Health is committed to a health system that produces positive health outcomes by focusing on health promotion, illness prevention and early intervention. We will work with other government agencies and the community to address the environmental, socioeconomic, biological and behavioural determinants of health, and to achieve equitable health outcomes for all South Australians.

### Our Legal Entities:

SA Health is the brand name for the health portfolio of services and agencies responsible to the Minister for Health and Wellbeing. The Department for Health and Wellbeing is an administrative unit under the Public Sector Act 2009.

The legal entities include but are not limited to the Central Adelaide Local Health Network Inc., Northern Adelaide Local Health Network Inc., Southern Adelaide Local Health Network Inc., Women's and Children's Health Network Inc., Country Health SA Local Health Network Inc. and SA Ambulance Service Inc.

### SA Health Challenges:

The health system is facing the challenges of an ageing population, increased incidence of chronic disease, workforce shortages, and ageing infrastructure. The SA Health Care Plan has been developed to meet these challenges and ensure South Australian's have access to the best available health care in hospitals, health care centres and through GPs and other providers.

### Central Adelaide Local Health Network (CALHN):

CALHN is one of five Local Health Networks (LHNs) in South Australia established in July 2011. CALHN is responsible for the following health services:

- Royal Adelaide Hospital (RAH)
- The Queen Elizabeth Hospital (TQEH)
- Hampstead Rehabilitation Centre (HRC)
- St Margaret's Rehabilitation Hospital (SMRH)
- Glenside Health Service (GHS) Psychiatric Intensive Care Unit; Inpatient Rehabilitation Services and Acute beds only
- Adelaide Dental Hospital (ADH).

CALHN also has governance over numerous community mental health and primary health services including Prison Health Service, SA Dental Service and Donate Life SA. Of note also is governance of the Statewide Clinical Support Services (SCSS).

CALHN is one of three metropolitan LHNs and its core population is approximately 390,000 people. CALHN also provides services to patients from other SA networks, rural and remote areas, the Northern Territory, NSW (Broken Hill) and western parts of Victoria. These services usually relate to complex services such as head and neck cancer, radiation therapy, cardiac surgery, spinal surgery or rehabilitation.

CALHN's purpose is to deliver quality and sustainable healthcare. While the delivery of high quality patient care is our number one priority, we face a significant challenge in achieving financial sustainability. A quality-assured financial recovery plan has been developed to meet these challenges. Through effective leadership and change management, the plan, which is applicable to all Directorates and departments, will be implemented over the next three years.

**Health Network/ Division/ Department:**

Statewide Clinical Support Services (SCSS) is a Business Unit within CALHN. The SCSS Group Executive Director is responsible for leadership and management of SAMI, SA Pharmacy and SA Pathology. The SCSS Group Executive Director is a member of Portfolio Executive, the peak decision-making body within SA Health, consistent with the Local Health Network Chief Executive Officers.

SAMI has been created with the goal of:

- > Providing a comprehensive and unified Medical Imaging service to the public health system in South Australia.
- > Improving efficiency.
- > Providing a more cohesive, consistent, and accessible state-wide service.

SAMI became operational on 1 July 2012, and is working towards the above goals. SAMI has responsibility for both in-sourced and out-sourced public Medical Imaging services across South Australia. An integral part of SAMI is the Enterprise System for Medical Imaging (ESMI). ESMI has three components: The Picture Archiving and Communications System (PACS), the Radiology Information System (RIS) and the voice recognition (VR) system.

## Values

**SA Health Values**

The values of SA Health are used to indicate the type of conduct required by our employees and the conduct that our customers can expect from our health service:

- > We are committed to the values of integrity, respect and accountability.
- > We value care, excellence, innovation, creativity, leadership and equity in health care provision and health outcomes.
- > We demonstrate our values in our interactions with others in SA Health, the community, and those for whom we care.

**Code of Ethics**

The *Code of Ethics for the South Australian Public Sector* provides an ethical framework for the public sector and applies to all public service employees:

- > Democratic Values - Helping the government, under the law to serve the people of South Australia.
- > Service, Respect and Courtesy - Serving the people of South Australia.
- > Honesty and Integrity- Acting at all times in such a way as to uphold the public trust.
- > Accountability- Holding ourselves accountable for everything we do.
- > Professional Conduct Standards- Exhibiting the highest standards of professional conduct.

*The Code recognises that some public sector employees are also bound by codes of conduct relevant to their profession.*
