

Position Description

Position Title:	Lecturer
Position Classification:	Level B
Faculty/Office:	Health & Medical Sciences
School/Division:	Population & Global Health
Centre/Section:	Population and Public Health
Supervisor Title:	Head of School

Your work area

The School of Population and Global Health is a leading research, teaching and service organisation whose work influences health policies and practices.

Reporting structure

Reports to: Head of School

Your role

The Lecturer will be responsible to the Head of School of Population & Global Health to provide unit co-ordination, academic teaching, administration, research student supervision and undertake high-level public health research. The applicant must be motivated to teach, contribute to the academic environment of the School of Population & Global Health generally and develop a strong research portfolio.

Your key responsibilities

Participate in unit co-ordination, innovative face-to-face and online teaching in undergraduate and postgraduate public health and related courses.

Keep abreast of and incorporate innovative teaching methods into their practice.

Contribute to the supervision of undergraduate and/or postgraduate dissertation and research thesis students including PhD students.

Conduct and publish scientific research, independently and/or in collaboration with others, both within and external to the School and University.

Actively seek and attract, independently and/or in collaboration with others, research funding from external sources.

Undertake administrative duties and service roles as required by the Head of School.

Participate in the School and Faculty meetings and committees as required by the Head of School.

Work collaboratively within the undergraduate and postgraduate teaching teams and support the University's commitment to equity and diversity principles.

Undertake other duties as required.

Your specific work capabilities (selection criteria)

PhD in public health or a related discipline.

Demonstrated ability in research including ability to supervise research students and staff, publish high quality scholarly research papers and willingness to seek funding in public health or related areas.

Demonstrated high quality teaching in public health and related areas at the undergraduate, postgraduate and/or professional levels. Experience in teaching qualitative research methods, health economics, health policy or health administration will be well regarded.

Experience with innovative teaching methods.

Demonstrated ability to relate well to staff and students at all levels and evidence of a commitment to equity and diversity principles.

Evidence of effective interaction and service contribution within an institution and/or in the wider community, including professional bodies, government departments and/or other external organisations.

Special requirements (selection criteria)

N/A

Compliance

Workplace Health & Safety

All supervising staff are required to undertake effective measures to ensure compliance with the Occupational Safety and Health Act 1984 and related University requirements (including Safety, Health and Wellbeing Objectives and Targets).

All staff must comply with requirements of the Occupational Safety and Health Act and all reasonable directives given in relation to health and safety at work, to ensure compliance with University and Legislative health and safety requirements. Details of the safety obligations can be accessed at <http://www.safety.uwa.edu.au>

Inclusion & Diversity

All staff members are required to comply with the University's Code of Ethics, Code of Conduct and Inclusion and Diversity principles. Details of the University policies on these can be accessed at <http://www.hr.uwa.edu.au/policies/policies/conduct/code>, <http://www.web.uwa.edu.au/inclusion-diversity>.
