## ACADEMIC APPOINTMENT ROUND 2020

ANU College of  
Law

# WELCOME FROM THE DEAN

It is my pleasure to introduce The Australian National University (ANU) College of Law, the intellectual home of some of the Australia's foremost experts in international,

constitutional, public and private law.

For 60 years, ANU College of Law has built a global community whose expertise spans the globe and spectrum of legal endeavour.

Our campus is located at the heart of Canberra, the national capital. In addition to being a hub

for foreign missions, the Australian Parliament and other national institutions, it is also one of the world's best student cities renowned for being safe, clean and green.

If you would like the opportunity to be extraordinary, then ANU will nurture you to achieve your potential.

I look forward to welcoming you to ANU.

**Professor Sally Wheeler OBE, MRIA, FAcSS, FAAL**

# ABOUT ANU COLLEGE OF LAW

Since 1960, ANU College of Law has stood as a leader in legal research, addressing contemporary legal, social and political challenges in Australia and around the world. Balancing global outlook with local focus, we have a long-standing reputation for excellence in legal education, research and community outreach.

This, coupled with our role as the national university, means we have a responsibility to be ambitious, bold and transformative in our research and teaching. Our campus is located at the heart of the national capital, alongside foreign missions, the Australian Parliament, other national institutions, research organisations and government departments.

Across undergraduate, postgraduate and research degrees, we provide our students with a unique understanding of current law and policy.

As Australia's national law school, we provide national research leadership on the most important legal, regulatory and governance challenges facing Australia, the Asia-Pacific region and the world. ANU leads the nation in research excellence, confirming our reputation as a world-class university for law and legal research by receiving the highest possible ranking in the 2018 Excellence in Research for Australia (ERA). ANU legal scholars have received a five-star rating in all four

rounds of the ERA since it began in 2010. The ERA results recognise the University's continuing tradition of global excellence in legal research.

Our capital city location links us with the nation's key law-making and legislative bodies. Our researchers work closely with government departments, research agencies, NFPs/NGOs, other universities and the wider legal community to support and enhance legal education, research and policy in Australia and around the world.

# EDUCATION

Bringing together extensive experience and real-world insight, our teachers are experts both in their legal disciplines and in legal education. Our scholars are engaging regularly with government and the profession, producing world-class scholarships and making important contributions to the development of the law and public policy.

## Degrees

- Bachelor of Laws (Honours)
- Juris Doctor
- Master of Laws
- Master of International Law and Diplomacy
- Graduate Certificate of Law
- Higher Degree Research

## Alumni

With over 21,000 ANU Law graduates across Australia and around the world, our alumni can be found working not only as lawyers, but agents for social change, public policy and global diplomacy.

## Teaching facilities

We have recently finished refurbishing our facilities to provide modern teaching and learning spaces to educate the next generation of lawyers.

Features:

- State-of-the-art teaching spaces
- Social and collaborative student spaces
- New and modern moot court

## Research-led education

A number of ANU courses adopt a research-led curriculum whereby subject content is based on the specialist research interests of the teaching staff. For example, in 2019 Associate Professor Jolyon Ford supervised more than 30 students in a collaborative research project led by Australian human rights organisation Walk Free (London); corporate environmental, social and governance data platform WikiRate (Berlin); the independent non-profit Business and Human Rights Resource Centre (BHRRC) (London); and the ANU College of Law. As part of this project, the students contributed to a landmark global report examining patterns of corporate reporting on the risks of modern slavery supply chains. The report was the first in a series of sector specific studies, giving students valuable experience in mandatory reporting and disclosure compliance while at the same time tackling a global challenge.

# RESEARCH EXCELLENCE

Recognised around the world, our research has long been known for scholarly excellence and positive impact. Since our beginning, we have attracted academics, researchers and practitioners from across Australia and abroad. Together, these scholars have engaged with governments, communities and the wider legal profession to produce world-class research, and make important contributions to the development of the law and public policy.

## Law and technology

In 2019, ANU became the first university in the country to secure US\$1million in funding from US-based cryptocurrency exchange platform Ripple, as part of its US\$50m University Blockchain Research Initiative. The funding provides for research and education on the legal implications for the profession and governments from the emerging technologies of blockchain, smart contracts, and digital payments.

## The Ideal Judge— a pioneer project on judicial swearing in ceremonies

In 2018, ANU Law scholar Associate Professor Heather Roberts (BA (AsianStudies) (Hons) '00, LLB (Hons) '00, GDLP '00, PhD '08) received a three-year Discovery Early Career Researcher Award (DECRA) from the Australian Research Council for her project 'The Ideal Judge'. The research project is the first of its kind worldwide, using ceremonies drawn from across Australia's Supreme Courts from 1901 to the present day to explore changing expectations of judges and judging.

## Unpicking global populism

In partnership with legal scholars from the University of Indiana Bloomington and the University of Maryland, ANU College of Law researchers analysed the backlash against global norms through a series of international workshops in 2019. The project explored the challenges posed to the rules-based legal order by populist groundswells in a growing number of countries around the world including Brazil, Hungary, Italy, the Philippines and the United States.

## Fresh horizons on the Law of the Sea

The South China Sea has emerged in recent years as a flashpoint for territorial sovereignty and maritime rights, posing new challenges to Southeast Asian neighbours. In 2019, ANU College of Law scholars Professor Donald Rothwell FAAL and Associate Professor David Letts AM, CSM presented the big picture of the impact, influence and ongoing role of the United Nations

## International partnerships and global engagement

Our research is enriched by our partnerships with universities, governments and businesses across the Asia-Pacific region. We are a proud founding member of the National Law Schools Network that also comprises the National University of Singapore, Peking University and the University of Tokyo, all members of the International Association of Research Universities (IARU) alliance. The National Law Schools Network aims to strengthen relations with partners in our region, and to share insights and ideas on shared challenges of national law schools.
