--	---

## Knowledge, Skills and Experience

### **ESSENTIAL MINIMUM REQUIREMENTS**

#### **Educational/Vocational Qualifications**

- > Appropriate Bachelor's Degree in Science or related field.

#### **Personal Abilities/Aptitudes/Skills:**

- > Well-developed problem solving, change management and negotiation skills.
- > Strong communication skills including conflict resolution skills.
- > Ability to integrate contemporary information and evidence with personal experience to support decision making, innovative thinking and objective analysis.
- > Well-developed time management skills, and demonstrated ability to prioritise workload to manage rapidly changing situations.
- > Demonstrated ability to contribute specific expertise and lead a multidisciplinary team environment to achieve successful outcomes.

#### **Experience**

- > Recent experience working in a public health unit, or a related discipline.
- > Experience in demonstrating professional leadership within a team to facilitate patient and/or work flow.
- > Demonstrated competence in the use of desktop applications including MS Word and MS Excel.

#### **Knowledge**

- > Sound knowledge of the principles of epidemiology and public health.
- > Sound understanding of communicable diseases and communicable disease prevention and control, particularly COVID-19.

### **DESIRABLE CHARACTERISTICS**

#### **Educational/Vocational Qualifications**

- > A post-graduate qualification in epidemiology, public health or relevant field.

#### **Experience**

- > Experience working with surveillance systems including continuous quality improvement processes.
- > Demonstrated experience participating or coordinating disease outbreak investigations.
- > Demonstrated experience conducting, analysing and publishing epidemiological studies.
- > Competence in using statistical packages (eg STATA or equivalent).
- > Demonstrated competence in the preparation of cabinet submissions, media releases, epidemiological reports, or journal publications.

#### **Knowledge**

- > Knowledge of the South Australian Public Health System and relevant legislative Acts including the *SA Public Health Act 2011*, *Emergency Management Act 2004* and the *COVID-19 Emergency Response Act 2020*.

**Special Conditions:**

- > The incumbent will be required to work between the hours of 7am and 12 midnight over a 7 day roster.
- > The incumbent may be required to participate in a 24/7 roster.
- > The incumbent may be required to participate in an after-hours on-call roster; some out-of-hours work will be required.
- > Intrastate/interstate travel may be required.
- > Must be ready and willing to assist in managing disease outbreaks within the community which may include travel within South Australia.
- > It is mandatory that no person, whether or not already working in SA Health, may be appointed to a position in SA Health unless they have provided a satisfactory current Criminal and Relevant History Screening, as required by the SA Health Criminal and Relevant History Screening Policy Directive.
- > For appointment in a Prescribed Position under the Child Safety (Prohibited Persons) Act (2016), a current Working with Children Check (WWCC) is required from the Department for Human Services Screening Unit. For other positions, a satisfactory National Police Certificate (NPC) assessment is required.
- > For 'Prescribed Positions' under the *Child Safety (Prohibited Persons) Act (2016)*, the individual's WWCCs must be renewed every 5 years from the date of issue; and for 'Approved Aged Care Provider Positions' every 3 years from date of issue as required by the *Accountability Principles 2014* issued pursuant to the *Aged Care Act 1997* (Cth).
- > Appointment is subject to immunisation risk category requirements. There may be ongoing immunisation requirements that must be met.
- > Depending on work requirements the incumbent may be transferred to other locations across SA Health to perform work appropriate to classification, skills and capabilities either on a permanent or temporary basis subject to relevant provisions of the *Public Sector Act 2009* for Public Sector employees or the *SA Health (Health Care Act) Human Resources Manual* for Health Care Act employees.
- > The incumbent may be required to participate in Counter Disaster activities including attendance, as required, at training programs and exercises to develop the necessary skills required to participate in responses in the event of a disaster and/or major incident.

**General Requirements:**

Managers and staff are required to work in accordance with the Code of Ethics for South Australian Public Sector, Directives, Determinations and Guidelines, and legislative requirements including but not limited to:

- > Work Health and Safety Act 2012 (SA) and when relevant WHS Defined Officers must meet due diligence requirements.
- > Return to Work Act 2014 (SA), facilitating the recovery, maintenance or early return to work of employees with work related injury / illness.
- > Meet immunisation requirements as outlined by the Immunisation for Health Care Workers in South Australia Policy Directive.
- > Equal Employment Opportunities (including prevention of bullying, harassment and intimidation).
- > Children and Young People (Safety) Act 2017 (SA) 'Notification of Abuse or Neglect'.
- > Disability Discrimination.
- > Independent Commissioner Against Corruption Act 2012 (SA).
- > Information Privacy Principles Instruction.
- > Relevant Awards, Enterprise Agreements, Public Sector Act 2009, Health Care Act 2008 and the SA Health (Health Care Act) Human Resources Manual.
- > Relevant Australian Standards.
- > Duty to maintain confidentiality.
- > Smoke Free Workplace.
- > To value and respect the needs and contributions of SA Health Aboriginal staff and clients, and commit to the development of Aboriginal cultural competence across all SA Health practice and service delivery.
- > Applying the principles of the South Australian Government's Risk Management Policy to work as appropriate.

The SA Health workforce contributes to the safety and quality of patient care by adhering to the South Australian Charter of Health Care Rights, understanding the intent of the National Safety and Quality Health Service Standards and participating in quality improvement activities as necessary.

**Performance Development**

The incumbent will be required to participate in the organisation's Performance Review & Development Program which will include a regular review of the incumbent's performance against the responsibilities and key result areas associated with their position and a requirement to demonstrate appropriate behaviours which reflect a commitment to SA Health values and strategic directions.

**Handling of Official Information:**

By virtue of their duties, SA Health employees frequently access, otherwise deal with, and/or are aware of, information that needs to be treated as confidential.

SA Health employees will not access or attempt to access official information, including confidential patient information other than in connection with the performance by them of their duties and/or as authorised.

SA Health employees will not misuse information gained in their official capacity.

SA Health employees will maintain the integrity and security of official or confidential information for which they are responsible. Employees will also ensure that the privacy of individuals is maintained and will only release or disclose information in accordance with relevant legislation, industrial instruments, policy, or lawful and reasonable direction.

**White Ribbon:**

SA Health has a position of zero tolerance towards men's violence against women in the workplace and the broader community. In accordance with this, the incumbent must at all times act in a manner that is non-threatening, courteous, and respectful and will comply with any instructions, policies, procedures or guidelines issued by SA Health regarding acceptable workplace behaviour.

**Resilience:**

SA Health employees persevere to achieve goals, stay calm under pressure and are open to feedback.

## Organisational Context

### Organisational Overview:

Our mission at SA Health is to lead and deliver a comprehensive and sustainable health system that aims to ensure healthier, longer and better lives for all South Australians. We will achieve our objectives by strengthening primary health care, enhancing hospital care, reforming mental health care and improving the health of Aboriginal people.

SA Health is committed to a health system that produces positive health outcomes by focusing on health promotion, illness prevention and early intervention. We will work with other government agencies and the community to address the environmental, socioeconomic, biological and behavioural determinants of health, and to achieve equitable health outcomes for all South Australians.

### Our Legal Entities:

SA Health is the brand name for the health portfolio of services and agencies responsible to the Minister for Health and Wellbeing. The Department for Health and Wellbeing is an administrative unit under the Public Sector Act 2009.

The legal entities include but are not limited to the Central Adelaide Local Health Network Inc., Northern Adelaide Local Health Network Inc., Southern Adelaide Local Health Network Inc., Women's and Children's Health Network Inc., Barossa Hills Fleurieu Local Health Network Inc., Eyre and far North Local Health Network Inc., Flinders and Upper North Local Health Network Inc., Limestone Coast Local Health Network Inc., Riverland Mallee Coorong Local Health Network Inc., Yorke and Northern Local Health Network Inc. and SA Ambulance Service Inc.

### SA Health Challenges:

The health system is facing the challenges of an ageing population, increased incidence of chronic disease, workforce shortages, and ageing infrastructure. The SA Health Care Plan has been developed to meet these challenges and ensure South Australian's have access to the best available health care in hospitals, health care centres and through GPs and other providers.

### Health Network/ Division/ Department:

The Health Regulation and Protection Division works with and for the South Australian community to improve public health and clinical care. This encompasses providing services, advice, education, support, policy, leadership and advocacy, administering legislation and partnering with service providers, government agencies and the non-government sector to identify and respond to current and emerging public health and clinical issues and opportunities. The Health Regulation and Protection Division comprises of the following Branches:

- Office of the Chief Public Health Officer
- Communicable Disease Control Branch
- Health Protection and Licencing Services
- Disaster Preparedness and Resilience Branch
- Blood, Organ and Tissue Programs

The Communicable Disease Control Branch aims to reduce the incidences of communicable and infectious diseases in SA through the following service areas:

- Specialist Services Section
- STI & Blood Borne Virus Section
- Disease Surveillance and Investigation
- Immunisation Section
- Infection Control Service
- Data & Corporate Services

## Values

### SA Health Values

The values of SA Health are used to indicate the type of conduct required by our employees and the conduct that our customers can expect from our health service:

- > We are committed to the values of integrity, respect and accountability.
- > We value care, excellence, innovation, creativity, leadership and equity in health care provision and health outcomes.
- > We demonstrate our values in our interactions with others in SA Health, the community, and those for whom we care.

### Code of Ethics

The *Code of Ethics for the South Australian Public Sector* provides an ethical framework for the public sector and applies to all public service employees:

- > Democratic Values - Helping the government, under the law to serve the people of South Australia.
- > Service, Respect and Courtesy - Serving the people of South Australia.
- > Honesty and Integrity- Acting at all times in such a way as to uphold the public trust.
- > Accountability- Holding ourselves accountable for everything we do.
- > Professional Conduct Standards- Exhibiting the highest standards of professional conduct.

The Code recognises that some public sector employees are also bound by codes of conduct relevant to their profession.
