

Multi Skilled Plant Operator

Position Description

Directorate	Projects and Asset Services	Department	Asset Maintenance
Reports To	Construction Supervisor	Direct Reports	No
Queensland Local Government Industry Award - State 2017 - Stream	Stream B - Division 2, Section 5 - Operational Services	Moreton Bay Regional Council Certified Agreement 2022 EBA5 Wage Level	Schedule 2, Wage Level 5

Position Purpose
To carry out plant operational duties utilising a range of multiple plant items, on roads, drainage and related civil maintenance projects as directed, in a conscientious and efficient manner.

Key Responsibilities and Outcomes
<ul style="list-style-type: none"> • Competently operate a range of medium plant items as required on a daily basis, according to the needs of the broader department. • Carry out daily checks of the plant before commencing operation and report all defects appropriately. • Correctly use and maintain plant and equipment provided, including all personal protective equipment, in accordance with manufacturer instructions, council's safety policy and procedures. • Support the wider Asset Maintenance Department in the delivery of a suite of operational activities. • Maintain good working relations and deal cooperatively with team members and members of the public to ensure schedules and deadlines are met.

Our Values
Our values shape the way we behave, how we interact with each other and our customers. They underpin our decision making and are our guiding principles for how we work every day. As a Team Member you will take individual accountability for demonstrating the values expectations and behaviours.
