Organisational Context

Organisational Overview:

Our mission at SA Health is to lead and deliver a comprehensive and sustainable health system that aims to ensure healthier, longer and better lives for all South Australians. We will achieve our objectives by strengthening primary health care, enhancing hospital care, reforming mental health care and improving the health of Aboriginal people.

SA Health is committed to a health system that produces positive health outcomes by focusing on health promotion, illness prevention and early intervention. We will work with other government agencies and the community to address the environmental, socioeconomic, biological and behavioural determinants of health, and to achieve equitable health outcomes for all South Australians.

Our Legal Entities:

SA Health is the brand name for the health portfolio of services and agencies responsible to the Minister for Health and Wellbeing. The Department for Health and Wellbeing is an administrative unit under the Public Sector Act 2009.

The legal entities include but are not limited to the Central Adelaide Local Health Network Inc., Northern Adelaide Local Health Network Inc., Southern Adelaide Local Health Network Inc., Women's and Children's Health Network Inc., Barossa Hills Fleurieu Local Health Network Inc., Eyre and far North Local Health Network Inc., Flinders and Upper North Local Health Network Inc., Limestone Coast Local Health Network Inc., Riverland Mallee Coorong Local Health Network Inc., Yorke and Northern Local Health Network Inc., and SA Ambulance Service Inc.

SA Health Challenges:

The health system is facing the challenges of an ageing population, increased incidence of chronic disease, workforce shortages, and ageing infrastructure. The SA Health Care Plan has been developed to meet these challenges and ensure South Australian's have access to the best available health care in hospitals, health care centres and through GPs and other providers.

Health Network/ Division/ Department:

Our Mission at Digital Health SA is to provide and maintain a robust ICT environment supporting the full spectrum of SA Health's business and develops a fully integrated statewide electronic health record, to improve the quality and safety of health care in SA by connecting hospitals, health professionals and the community throughout the state. Our vision at Digital Health SA is to provide the right information, to the right person, at the right time, in the right place.

Digital Health SA has 7 key directorates:

Executive	The Digital Health SA Executive Office provides executive support services for the senior DHSA executives and Governance support for the Tier 1 and 2 committees within the Department. The Executive Office manages the coordination and review of Ministerial, CE and CEO correspondence, briefings and high-level third-party requests for DHSA.
Business Performance & Operational Services	Supports the key directorates in pursuit of Digital Health SA's strategy through the provision of services to our internal customers. Maintains strong relationships with the Department of Health and Wellbeing and Local Health Networks to deliver high levels of customer services for finance, facilities management, human resources, procurement, communications and corporate support.
Business Transformation	Manages, delivers, and governs state-wide outcomes via the portfolio of programs and projects approved by the Digital Health SA Board, including those defined in SA Health's digital strategy. Provides independent governance and risk management to Digital Health SA.
Office of the Chief Medical Information Officer	Focuses on supporting clinician led design and engagement for Digital Health SA projects. Leads and collaborates on projects that support the development of SA Health's digital health capabilities and operational use of data. Contributes to improved health outcomes for South Australians through the development of an integrated, agile, and clinically relevant digital health information network.
Strategy, Architecture & Business Partnership	Partners with SA Health stakeholders to develop the digital strategy and prioritise investments to accelerate benefits realisation across the health network. Development and adoption of architectural frameworks to ensure the new and existing investments deliver the greatest return on investment aligned to the SA Health strategy and objectives. Data integrity to ensure foundational systems and data analytic platforms have quality data to improve quality and safety of health care through a single view of a patient.
Technology & Infrastructure	Responsible for end-to-end IT service delivery across the Digital Health SA portfolio for SA Health. This includes all centralised support and management for the following ICT operations delivery capabilities: applications, data centres, central computing platforms and telecommunications LAN/WAN network, telecommunications mobility, cyber security, service management, change management, customer contact and end user computing. Digital Health SA does not support ICT services managed by the Local Health Networks.
Electronic Medical Record (Sunrise EMR & PAS)	SA Health's Electronic Medical Record (EMR) is the primary administration and clinical documentation system to manage patient care across public hospitals and health care facilities. Accessible by doctors, nurses, allied health professionals and administration staff, the system facilitates improved continuity of care for patients across the public health sector. The EMR is also the core electronic medical record for integration with other key SA Health applications, e.g. pathology, medical imaging and meals management systems.

Values

SA Health Values

The values of SA Health are used to indicate the type of conduct required by our employees and the conduct that our customers can expect from our health service:

- > We are committed to the values of integrity, respect and accountability.
- > We value care, excellence, innovation, creativity, leadership and equity in health care provision and health outcomes.
- > We demonstrate our values in our interactions with others in SA Health, the community, and those for whom we care.

Code of Ethics

The *Code of Ethics for the South Australian Public Sector* provides an ethical framework for the public sector and applies to all public service employees:

- > Democratic Values – Helping the government, under the law to serve the people of South Australia.
- > Service, Respect and Courtesy – Serving the people of South Australia.
- > Honesty and Integrity – Acting at all times in such a way as to uphold the public trust.
- > Accountability – Holding ourselves accountable for everything we do.
- > Professional Conduct Standards – Exhibiting the highest standards of professional conduct.

As a public sector employee, you have a responsibility to maintain ethical behaviour and professional integrity standards. It is expected that you act in accordance with the Code of Ethics and contribute to a culture of integrity within SA Health.

The Code recognises that some public sector employees are also bound by codes of conduct relevant to their profession.
