

## Environmental Planner - Stormwater

### Position Description

<b>Division</b>	Infrastructure Planning	<b>Department</b>	Drainage, Waterways and Coastal Planning
<b>Reports To</b>	Team Leader Water Quality Infrastructure	<b>Direct Reports</b>	No

### Position Purpose

To provide specialist planning expertise and undertake moderate to complex planning investigations for a range of stormwater and/or coastal projects to meet the needs of the community within the City of Moreton Bay area.

### Responsibilities & Outcomes

As an Environmental Planner - Stormwater and member of the Drainage, Waterways and Coastal Planning department you will:

- Act as a technical planning advisor and provide guidance to team members in the delivery of stormwater infrastructure planning and policy matters to drive integrated and sustainable planning outcomes.
- Provide advice in infrastructure planning and policy matters in accordance with legislative, policy and business requirements.
- Investigate stormwater planning problems and prepare and present technical solutions and recommendations to ensure project outcomes are met.
- Coordinate, undertake and assist in the preparation of planning studies/assessments to support infrastructure projects delivered and grant applications by Council (including management of specialist consultants).
- Support project-based community consultation including representing Council as part of a team at a range of customer meetings and community forums.
- Support the development of team capability to drive a high performance, continuous improvement and a customer focussed culture.
- Build strong relationships and engage with internal and external stakeholders to ensure stormwater and waterway infrastructure and service delivery outcomes are achieved.

### Our Values

Our values shape the way we behave, how we interact with each other and our customers. They underpin our decision making and are our guiding principles for how we work every day. As a team member you will take individual accountability for demonstrating the values expectations and behaviours in this role.
