Primary Purpose:

As part of a multidisciplinary team delivering high quality mental health services in accordance with the Mental Health Services Strategic Plan, Mental Health Services Principles, National Mental Health Standards, Agency policy, legal requirements and relevant professional competencies, the Clinical Lead will provide high level support to the Team Leader, within the relevant community mental health service, in the provision of:

- Leadership and direction in the strategic development and management of a comprehensive multidisciplinary community mental health team.
- Effective management of specified human and physical resources.
- Leadership, direction and change management to facilitate the progression of the current Mental Health Service Strategic Plan through the implementation of the associated model of care, and relevant service policies, procedures and guidelines.
- Optimal clinical processes and individual client outcomes.
- Enhanced consumer and carer participation at all levels of the service.

Duties:

1. Actively contribute to the clinical leadership and management of a multidisciplinary community mental health team to ensure the provision of a high quality, comprehensive, specialist mental health service to a designated population group within a specified regional area in accordance with the principles and goals and objectives specified in the Mental Health Services Strategic Plan, the associated model of care and relevant service policies, procedures and guidelines.
2. Support the Team Leader by assuming a lead role in the oversight of designated clinical processes associated with the optimal operation of a community mental health team, including intake, crisis response, interim support, assertive case management and general team coordination.
3. Undertake the line and performance management of a designated group of staff within a specified community mental health team.
4. Promote compliance with the complete and timely collection of clinical data and designated Key Activity and Performance Indicators to accurately reflect service performance.
5. As a senior member of an individual service, participate in the ongoing development, implementation and evaluation of relevant policies and procedures, including ensuring the active involvement of and consultation with key local stakeholders.
6. Undertake a proactive role in developing effective partnerships with internal and external stakeholders including consumer and carer groups, local government bodies, community sector organisations and primary health service providers.
7. Assertively case-manage a designated number of clients and lead clinical service delivery.

8. Work with the Team Leader to ensure that professional supervision, mentoring and support are available to all staff within the teams as required.
9. Lead and coordinate projects, programs and/or research that improve health care services.
10. Actively participate in the development and implementation of Mental Health Services safety, clinical risk and quality programs at the local level.
11. Act as an Authorised Officer under the Tasmanian Mental Health Act.
12. Actively participate in and contribute to the organisation's Quality & Safety and Work Health & Safety processes, including in the development and implementation of safety systems, improvement initiatives and related training.
13. The incumbent can expect to be allocated duties, not specifically mentioned in this document, that are within the capacity, qualifications and experience normally expected from persons occupying positions at this classification level.

Key Accountabilities and Responsibilities:

The Clinical Lead works with operational and clinical accountability to the Team Leader, under the broad direction of, and in collaboration with, the Team Leader, the occupant is accountable for the optimal operation of designated clinical functions within a community mental health team in accordance with the Mental Health Services Strategic Plan and the associated model of care. The Clinical Lead receives professional guidance and support from the Team Leader in consultation with the relevant Head of Discipline as appropriate and is responsible for:

- Provision of assertive case management to a designated client group.
- Being aware of, and working within, all Agency policies, procedures and legislation affecting the duties of the position and for addressing inconsistencies between practice and policy.
- Maintaining own professional development and for supporting the professional development of others.
- Working without supervision and exercising considerable initiative and professional judgement with autonomy in matters relating to both the clinical and day to day coordination of a specified community mental health team.
- Providing authoritative advice and recommendations to the Team Leader in relation to the effectiveness of clinical service delivery and health care outcomes for the multidisciplinary community mental health team.
- Where applicable, exercising delegations in accordance with a range of Acts, Regulations, Awards, administrative authorities and functional arrangements as mandated by Statutory office holders including the Secretary and Head of State Service. The relevant Unit Manager can provide details to the occupant of delegations applicable to this position.
- Complying at all times with policy and protocol requirements, including those relating to mandatory education, training and assessment.

Pre-employment Conditions:

It is the Employee's responsibility to notify an Employer of any new criminal convictions during the course of their employment with the Department.

1. Conviction checks in the following areas:

- a. crimes of violence
 - b. sex related offences
 - c. serious drug offences
 - d. crimes involving dishonesty
2. Identification check
 3. Disciplinary action in previous employment check.

Selection Criteria:

1. Demonstrated capacity to effectively undertake a coordination/leadership role within a multidisciplinary community setting, including providing supervision and support to other staff as required.
2. Demonstrated understanding of, and commitment to, the Mental Health Services Strategic Plan, and a capacity to contribute towards the introduction of the model of care within a community setting.
3. Demonstrated leadership skills and proven ability to manage and coordinate the clinical activities of a multidisciplinary community mental health team, with the ability to assist the Team Leader in relation to the effective management of human and physical resources
4. Proven ability to contribute to quality and safety processes actively and effectively, at the individual service level.
5. Proven high level interpersonal skills including oral and written communication, negotiation, conflict resolution and decision making, together with the ability to develop comprehensive oral and written reports.
6. Proven capacity to develop and maintain partnerships with a broad range of key local stakeholders.
7. Demonstrated knowledge of Agency policies and procedures and associated legislation relevant to the coordination of a multidisciplinary community team or the capacity to effectively acquire the same, including knowledge of relevant professional competencies and standards of practice, current Work Health and Safety and Anti-Discrimination legislation and the principles of Workplace Diversity.

Working Environment:

The Department of Health is committed to improving the health and wellbeing of patients, clients and the Tasmanian community through a sustainable, high quality and safe health system.
