New Graduate Positions

About Us

Mater Health

Mater hospitals have played a key role in the provision of healthcare in Queensland since 1906, by delivering high quality, compassionate care in line with Mater's Mission and Values.

We are committed to delivering a world class health service for our patients across all stages of their healthcare journey. Our internationally-acclaimed hospital network supports thousands of people each year and comprises 12 hospitals in South East, Central and North Queensland.

Mater Physiotherapy Department

You will be joining a team of 100 remarkable people (60 FTE) who service the physiotherapy needs of five Mater Brisbane Hospitals:

- Mater Hospital Brisbane
- Mater Mothers' Hospital
- Mater Mothers' Private Brisbane
- Mater Children's Private Brisbane
- Mater Private Hospital Rehabilitation

We also provide outpatient services within the Allied Health Clinic (public outpatients) and Health & Wellness Clinic (private outpatients).

Many of our team members take additional advantage of supported opportunities to be involved in:

- Research
- Clinical Education and Simulation
- Project work and improvement activities
