

Workforce Health, WorkFit Services

The information below is designed to give you an indication of the likely demands of working in this role and will help you assess whether the job may suit you. You are encouraged to ask further questions about the demands if you have any concerns as local conditions may alter the demands you experience in the role. This should be read in conjunction with the Role Description which provides detail about the skills, knowledge and attributes relevant to the role. The Contact Officer listed in the job pack is the best person to contact with any queries.

0 - 2%	0 - 2% 2-33%		67-100%
Up to 10 minutes	>10 min - 2.5 hours	>2.5 – 5 hours	More than 5 hours

Immunisation Demands			
Risk Category	Risk Category Description	Immunisation Requirements	
Α	Direct contact with blood or body substances	Diphtheria-Tetanus-Pertussis Hepatitis B *Hepatitis A Influenza Measles-Mumps-Rubella Varicella	

Applicants are responsible for completing minimum immunisation requirements with their preferred immunisation provider prior to commencing employment

^{*}The Australian Immunisation Handbook recommends Hepatitis A vaccine for HCWs who work in rural and remote Indigenous communities; with Indigenous children; or care for persons with developmental disabilities.

All Healthcare workers who provide patient care must complete the Tuberculosis Screening questionnaire. The need for mantoux testing and or interferon gamma
release assay (blood test) is determined by your individual risk or by health service risk. Refer to Policy Directive Control of Tuberculosis in South Australian Health
<u>Services</u> for further information.
