## Primary Purpose:

The Clinical Nurse Specialist - Mental Health Acute Care Stream, will be part of a multidisciplinary team delivering person centred, recovery orientated and trauma informed care, in accordance with the National Standards for Mental Health Services, Agency policy, legal requirements and relevant professional competencies.

The Clinical Nurse Specialist is an experienced nurse who, within the defined area of practice:

- Works in partnership with the Clinical Nurse Consultant, the Nurse Practitioner, the Allied Health Senior Acute Care Stream and other senior staff, to ensure the efficient and effective provision of care on a designated shift, based on best practice principles and within a collaborative and multidisciplinary framework.
- Provides responsive community-based mental health care to consumers, which includes triage, comprehensive mental health assessments, assertive, short-term care coordination, safety planning, ongoing psychotherapeutic work using arrange of modalities and techniques, transfer of care / discharge planning, in collaboration with consumers, families and friends, within a Multi-Disciplinary Team (MDT).
- Assists the Clinical Nurse Consultant and the Allied Health Senior with the planning and management of staff and resources on a designated shift and provides leadership as required through the coordination of the day to day consumer care activities, including consumer flow.
- Works in collaboration with other staff within the Acute Care Stream, the Continuing Care Stream, broader Statewide Mental Health Services and a range of community service providers, to deliver improved outcomes and experiences for individuals presenting with mental health concerns
- Participates in the development and revision of organisational documentation and policies and procedures relating to nursing based best practice and the model care.

## Duties:

1. Deliver community-based mental health care coordination to consumers of the service, which includes comprehensive biopsychosocial assessments, active, therapeutic engagement, monitoring and review of mental state and response to treatments, ongoing psychotherapeutic work using arrange of modalities and techniques, within a Multi-Disciplinary Team (MDT), with focus collaboration with family and carers and trauma informed care.
2. Assist the Clinical Nurse Consultant, Nurse Practitioner and the Allied Health Senior Acute Care Stream on a designated shift, with the management and coordination of resources as required.
3. Coordinate consumer centred care delivery and flow.
4. Ensure the maintenance of effective communication channels with internal and external stakeholders to promote consumer care delivery.
5. Provide a high level of clinical knowledge and skill to ensure clinical standards and policies and procedures are met to promote a consumer-focused model of care, according to best practice principles.
6. Assist and support Acute Care Stream senior leaders in the development and maintenance of a strong, collaborative professional team environment which promotes a positive culture and contemporary nursing leadership.
7. Assist the Manager, and other relevant senior leaders, to review, interpret and implement relevant clinical and/or educational policies, regulations and guidelines to ensure the provision of effective and efficient consumer care and achievement of positive consumer outcomes.

8. Identify and report clinical risks and, in conjunction with the Manager, Nurse Practitioner, Clinical Nurse Consultant and Allied Health Senior ACS and other relevant team members, assist in supporting the development, implementation and evaluation of mitigation strategies.
9. Actively participate in and contribute to the organisation's Quality & Safety and Work Health & Safety processes, including in the development and implementation of safety systems, improvement initiatives and related training.
10. The incumbent can expect to be allocated duties, not specifically mentioned in this document, that are within the capacity, qualifications and experience normally expected from persons occupying positions at this classification level.

## Key Accountabilities and Responsibilities:

Responsible to and receives guidance and support from the Clinical Nurse Consultant, the Allied Health Senior and the Nurse Practitioner for the Acute Care Stream with additional support from the Acute Care Stream Manager as required. Clinical supervision will also be made available via the Acute Care Stream Manager and other senior experienced registered nurses within the overall stream. The Clinical Nurse Specialist is responsible for:

- Practicing within the Australian Nursing and Midwifery Council (ANMC) National Competency Standards and Professional codes of conduct and ethics for registered nurses.
- In collaboration with the MDT, efficient and effective service delivery, optimal use of resources and for initiating, implementing, evaluating, and improving health outcomes
- Identifying key community mental health, community sector and primary health stakeholders specific to the Acute Care Team and building and maintaining strong, effective working relationships as required.
- Where applicable, exercise delegations in accordance with a range of Acts, Regulations, Awards, administrative authorities and functional arrangements as mandated by Statutory office holders including the Secretary and Head of State Service. The relevant Unit Manager can provide details to the occupant of delegations applicable to this position.
- Comply at all times with policy and protocol requirements, including those relating to mandatory education, training and assessment.

## Pre-employment Conditions:

*It is the Employee's responsibility to notify an Employer of any new criminal convictions during the course of their employment with the Department.*

The Head of the State Service has determined that the person nominated for this job is to satisfy a pre-employment check before taking up the appointment, on promotion or transfer. The following checks are to be conducted:

1. Conviction checks in the following areas:
  - a. crimes of violence
  - b. sex related offences
  - c. serious drug offences
  - d. crimes involving dishonesty
2. Identification check
3. Disciplinary action in previous employment check.

## Selection Criteria:

1. Demonstrated clinical experience in the relevant practice area, with the capacity to provide clinical leadership, exercise professional judgement and initiative and work with minimal supervision.
2. Demonstrated ability to understand the business of the unit/service in delivering the best outcomes within available resources, including a demonstrated understanding of patient flow principles and discharge planning in the pursuit of consumer goals within a contemporary healthcare framework.
3. Demonstrated ability to contribute to the evaluation, innovation and development of services provided by the unit/service and the review of clinical practice policy, procedures and protocols.
4. Demonstrated time management and organisational skills, including the ability to prioritise clinical and administrative tasks within a busy environment subject to work pressure and change.
5. Proven commitment to teamwork, together with advanced interpersonal skills, including written and verbal communication, and the ability to lead, manage conflict and work effectively with a multidisciplinary team in the planning and coordination of clinical care for patients.
6. Demonstrated advanced understanding of clinical risk and its implications for practice, including the application of Safety and Quality and Workplace Health and Safety legislation across the clinical setting, with the ability to develop a culture of risk mitigation.

## Working Environment:

The Department of Health is committed to improving the health and wellbeing of patients, clients and the Tasmanian community through a sustainable, high quality and safe health system. We value leading with purpose, being creative and innovative, acting with integrity, being accountable and being collegial.

The Department seeks to provide an environment that supports safe work practices, diversity and respect, including with employment opportunities and ongoing learning and development. We value the diverse backgrounds, skills and contributions of all employees and treat each other and members of the community with respect. We do not tolerate discrimination, harassment or bullying in the workplace. All employees must uphold the *State Service Principles* and *Code of Conduct* which are found in the *State Service Act 2000*. The Department supports the [Consumer and Community Engagement Principles](#).
