#### **Position Overview**

This is a continuing full-time 1 FTE position. The Associate Lecturer in Oral Health Therapy will actively engage in teaching, research and curriculum development related to the Oral Health Therapy Sciences in the School of Dentistry and Health Sciences. The appointee will have adequate clinical experience within the field of oral health therapy. The appointee will teach into the Bachelor of Oral Health (Therapy/Hygiene) undergraduate course as well as contribute to curriculum and subject content development. Principal teaching duties will relate to the clinical disciplines, but some preclinical or biodental/diagnostic science subject teaching duties may be required. As well as teaching into the relevant undergraduate program the incumbent will also carry out research and contribute to/lead subject administration. As the School of Dentistry and Health Sciences is a multi-campus academic unit, the incumbent may also be required to collaborate with the partner institute in Melbourne and the dentistry course in Orange.

#### **Principal Responsibilities**

- Apply CSU learning and teaching methodologies, processes, technologies and tools to deliver high quality student centred learning opportunities in the relevant discipline and as required to meet the teaching needs of the University. Achieve excellence in teaching in a range of delivery modes, which may include face to face and online teaching and assessment.
- Build strong professional relationships with students and provide timely and appropriate consultation and feedback.
- Actively contribute to collaborative processes to design, deliver and continually improve high quality courses and learning experiences for students including the giving and receiving of constructive feedback.
- Actively contribute to high performing multi-disciplinary teams with an outcome focus and the development
  of a respectful, trusting and collaborative working environment.
- Maintain a sound and current knowledge and understanding of the relevant discipline through industry engagement and/or scholarly activities or similar.
- Conduct under supervision, ethical, high quality research and contribute to knowledge through scholarship, publication and presentation.
- Under supervision, develop and execute a research plan that aligns with CSU's Research Plan and objectives including contributing to application for funding to support research outcomes.
- Build networks and form relationships with internal and external researchers and stakeholders, as appropriate.
- Build a record of research/creative work which contributes to the development of the discipline whilst maintaining up-to-date research records within CSU's research database.
- Actively contribute to the governance, marketing and promotion, and administrative activities to facilitate the work of the Faculty/School.
- Other duties appropriate to the classification as required.

#### **Physical Capabilities**

- 1. Physically able to sit for extended periods of time to perform reading, writing and computing related activities including keyboard and mouse operations;
