Position Purpose

This position undertakes investigations of environmental related matters, delivers small scale environmental projects and provides contemporary and practical responses to environmental issues achieving positive environmental outcomes for the region.

Key Responsibilities and Outcomes

As an Environment Officer you will:

- Investigate, manage and report on environmental related matters, liaising as necessary with residents, stakeholders and government agencies.
- Monitor fauna, flora and waterways to measure and analyse ecological health, biodiversity and the outcomes of environmental programs and projects.
- Deliver environmental programs and projects, including project design, liaison with contractors and the completion of quality assurance audits.
- Provide residents, community groups and Council departments with general advice and assistance regarding native fauna and flora matters.
- Assist in the promotion of environmental programs and projects including attendance at events and workshops.
- Use all reasonable and practical measures to prevent or minimise environmental harm and comply with Council's environmental policies, protocols and procedures, reporting all environmental risks, hazards and incidents immediately to your leader.
- Contribute to a positive team environment in order to achieve a high performance, continuous improvement and customer focused culture.

Our Values

Our values shape the way we behave, how we interact with each other and our customers. They underpin our decision making and are our guiding principles for how we work every day. As a team member you will take individual accountability for demonstrating the values expectations and behaviours.
