## Overview of program

The purpose of Anglicare Victoria's Family Services Program is to strengthen families' capacity to meet the needs of their children. Family Services promotes the safety and wellbeing of children by supporting and empowering families to enhance parenting capacity and family functioning and therefore improve child outcomes.

Many of the families the program works with have long histories of involvement with both Child Protection and community agencies. As a result, they require flexible and innovative interventions to address multiple and complex needs, and to promote the best social, emotional, educational and health outcomes for their children. The service targets families with children newborn to 18 years living in the Hume Moreland area. In the Hume Moreland area, Family Services is delivered in the context of the Hume Moreland Child and Family Services Alliance, which is an alliance of 5 agencies and DHHS. Most referrals to Family Services are from Hume Moreland Child First, which is the central intake point for families needing assistance with the care and wellbeing of children in the Hume Moreland region.

Family Services provides families with case management support within a managed case plan, designed to improve the lives of children. Practitioners work collaboratively and respectfully with children and families to build upon their existing strengths, and to enhance and develop families' skills and coping strategies. Individual family work is complemented by group work where appropriate, as well as strategies to both engage families with their communities, and for communities to be more responsive to the needs of children and their families.

## Position Objectives

1.	Provide an in-home family casework service, working in partnership with families to achieve their goals aimed at enhancing children's development, parenting capacity and family functioning.
2.	Take steps to reduce risks to children's health, safety and wellbeing and that of other family members.
3.	Work with families to empower them to manage their life situation, including having a positive engagement with their community.
4.	Participate in group work, advocacy and community development as required.

## Key responsibilities

The key responsibilities are as follows but are not limited to:

1.	Provide case management to clients and respond to their needs through assertive outreach and responding to crises that occur. Use a range of therapeutic techniques and approaches to engage with children, young people and families who are reluctant or ambivalent about using support services.
2.	Conduct comprehensive family assessments that identify the health, wellbeing and safety needs of the children involved, and that identify both the capacity and constraints of the families to make necessary changes.
3.	Establish a working relationship with children, young people and families which demonstrates respect and honest communication, particularly about protective concerns and consequences.
4.	Strengthen family connections, promoting positive interactions and the health, wellbeing and safety needs of children, young people and families.
5.	Promote positive parenting skills through working with families individually as well as providing group work as required.
6.	Work collaboratively with DHHS Child Protection, other professionals and families' broader social networks to ensure a coordinated approach to services for children, young people and their families.
7.	Make an active commitment to the development and maintenance of a cohesive multi-disciplinary team and participate in staff meetings, team meetings and staff development training.
8.	Fulfil requirements regarding case records and data recording. Participate in professional development activities appropriate to the position. Undertake other duties within capability as directed from time to time.

## Key Selection Criteria

The Key Selection Criteria are based on role specific requirements **and** the Anglicare Victoria Capability Framework. Applicants are required to provide a written response to **both** a) and b).
