## ORGANISATIONAL CONTEXT

---

Monash is a university of transformation, progress and optimism. Our people are our most valued asset, with our academics among the best in the world and our professional staff revolutionising the way we operate as an organisation. For more information about our University and our exciting future, please visit [www.monash.edu](http://www.monash.edu).

The **Faculty of Medicine, Nursing and Health Sciences**, is the largest faculty at Monash University, and offers the most comprehensive suite of professional health training in Victoria. We consistently rank in the top 40 universities worldwide for clinical, pre-clinical and health sciences.

We want to improve the human condition. That is our vision - it has no expiration date. Through academic health centres, other translational models and by educating the healthcare workforce of the future, our staff, students and alumni directly improve quality of life.

Setting the global health care agenda, the Faculty aspires to lead in all areas of research activity and influence local, national and international policy to improve health and social outcomes and health inequalities. We've made a major impact in the world of medical research and become globally recognised for our quality education of over 41,000 doctors, nurses, and allied health professionals.

We are ambitious and aim to maintain our position as a leading international medical research university. We're recognised for the breadth and depth of our research, for our commitment to translational research, for the quality and scale of our research capability, and as a thriving biotechnology hub.

### **Monash Nursing and Midwifery**

One of the largest schools for the education of nurses and midwives in Australia, MNM offers courses at two Monash campuses – Clayton and Peninsula. The school comprises approximately 2000 students undertaking undergraduate and postgraduate courses using a range of delivery modes. MNM offers high quality tertiary degrees in a vibrant and supportive learning environment to prepare students for a rewarding career in healthcare. MNM aims to build on existing capacity to lead innovative nursing curricula and modes of delivery.

Ranked 17th in the QS world rankings MNM has a proven reputation in the quality of its teaching and research and has played a leadership role in shaping and providing for the education needs of the nursing profession and health industry. Programs are developed in collaboration with MNM's professional partners to be responsive to

the needs of the healthcare industry and engaging for students. A commitment to evidence-based clinical practice ensures the excellent employment rate of graduates.

MNM has an international reputation for excellence in research. Research undertaken by our staff is defined by established expertise and developing emerging practice areas and we lead research endeavours that address health and care across the lifespan. Through close working relationships and formal research collaborations, MNM's research endeavour to make a local, national and international impact.

The MNM research focus concentrates on quality of care and outcomes for health service users and health care professionals, and includes knowledge generation.
